

Specialty		Protein %	
NutriPRO®	70-90	Health enhancing line of functional ingredients	
CasPRO®	70-90	American made casein & caseinates	
MultaPRO®	85	High protein ingredient system for yogurt applications	
PRObev®	90	Low pH heat stable clear WPI, available in regular, instant, hydrolyzed & liquid	
PROriz®	80	Rice protein concentrate, available in conventional and organic	
BARsoft®	90	Customizable high protein ingredient system for bars and RTE applications	
NutraCREAM®	Varies	Ideal for keto products, dairy & non-dairy fat source options available	
PROtext®	Varies	Highly customizable extruded protein products	
Whey Proteins			
Whey Protein Concentrate	34-80	Available in regular, instant, heat stable and low lactose	
Whey Protein Isolate	90	Available in regular, instant, heat stable and lactose-free	
Whey Protein Hydrolysate	80-90	Available in varying degrees of hydrolysis	
Alpha-Lactalbumin	80-90	Alpha-Lactalbumin content 30% and 43%	
Lactoferrin	90	Lactoferrin concentration 0.15%, 1%, 30%, 45% and 95%	
Milk Fat Globule Membrane (MFGM)	70-80	Dairy phospholipids for brain and gut health	
Milk Proteins			
Milk Protein Concentrate	75-80	Available in regular, instant and low lactose	
Milk Protein Isolate	90	Available in regular, instant and lactose-free	
Milk Protein Hydrolysate	90	Highly functional with a clean protein taste	
Organic Nonfat Dry Milk	34	Processed at low heat for excellent solubility	
CasPRO™			
Acid Casein	90	Highly functional protein for bars and extrusion applications	
Rennet Casein	90	Highly functional protein for processed cheese and cheese analog	
Micellar Casein	85-90	Highly functional, heat stable and excellent emulsifier	
Calcium Caseinate	90-95	Highly functional and heat stable with a clean protein taste	
Sodium Caseinate	90-95	Highly functional, excellent emulsifier with a clean protein taste	
Carbohydrates			
Lactose		Unground, 40 mesh and 80-100 mesh, available in conventional and organic	
Sweet Whey Powder		Rich in protein and essential nutrients to enhance nutrition and texture	

# Elevating Ingredients. Activating Health.

	Baked Goods	Bars	Confectionary	Extruded & Texturized Products	Fermented Dairy Products	Frozen Deserts	Cheese & Processed Cheese	Ready to Drink	Ready to Mix	Soups, Sauces & Dressings
