

**For more than 40 years we have been
taking care of people, naturally.**

www.mlekpole.com.pl

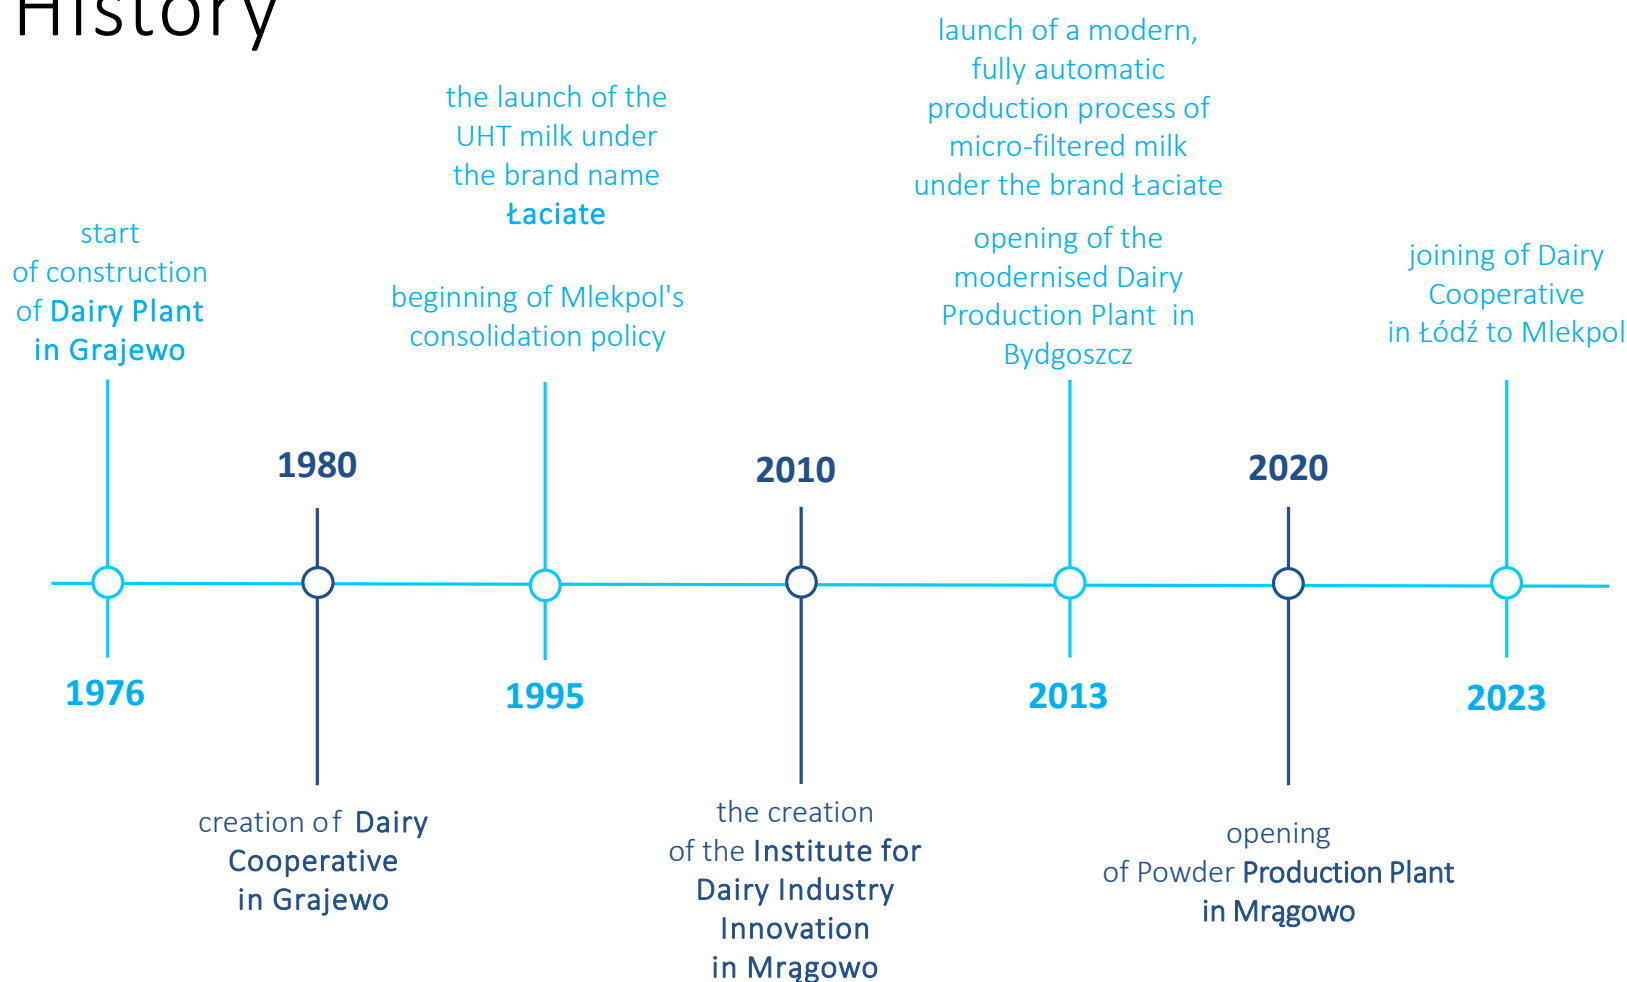

Dairy Cooperative **MLEKPOL** in Grajewo is one of the biggest manufacturers
in Poland and one of the 20 largest dairy producers in Europe.

*Around 7500 farmers, members of the Cooperative,
every day supply **MLEKPOL** with high-quality raw milk
originating from the cleanest regions of Poland.*

History

Mlekpól's gigantic investment – Powder Production Plant in Mragowo

MLEKPOL's products are made in 13 modern and highly specialized production plants

located in: Grajewo (head office), Zambrów, Mrągowo (two plants) , Kolno, Suwałki, Bydgoszcz, Sokółka,
Dąbrowa Białostocka, Radom, Łódź, Zwoleń and Gorzów Wielkopolski.

MLEKPOL's primary goal is production and sale of Polish, natural, safe and high-quality dairy products meeting various expectations of customers and quality standards of different countries all over the world.

**Our milk comes
from the cleanest
regions of Poland**

Mlekpól production plants meet the highest standards developed for food producers including International Food Standard (IFS), safety assurance system in the food production process - ISO / HACCP according to Codex Alimentarius.

Polish milk purchase record in 2021 , 2023 and 2024 **2 000 000 000 litres**

Above quantity is around 16% of the total milk collected in Poland

Every day MLEKPOL produces about:

- 3 million liters of liquid milk
- 400 thousand litres of fermented products and beverages
- 280 tons of curd and cottage cheese
- 300 tons of semi-hard and long-ripening cheese
- 150 tons of butter and butter blends
- 300 tons of milk, buttermilk and sweet whey powder, permeate powder and other milk powders
