

**BEST IN QUALITY
& NUTRITION**

"Nourishing
the world,
one pulse at a
time."

"Bringing pure
nourishment
to your table, from farm to fork
globally"

About us :

Tirupati Food Industries Pvt. Ltd., an offshoot of eminent food business conglomerate engaged in producing various range of products through its different entities. For over 50 years, we have been in the business of pulses and agro-based products. This naturally has conferred upon us a wider knowledge, valuable understanding and deep insight of the business.

The rapid growth of corporate culture and food retail chain enabled our new generation director to open new wings which are dressed with modern outlook, matching Indian and international standards, leading us to be a progressive leader, manufacturer, exporter, processor, packer, importer and suppliers of processed pulses and allied products of various grades with premium quality, purity and reliability.

We ensure to supply 100% fill rate within time frame to achieve highest level of customer satisfaction.

We are committed to sustainability and ethical sourcing and work with farmers and producers who share our values & use sustainable and eco-friendly practices in their operations.

We are passionate about using only the finest ingredients and innovative techniques to maintain natural aroma that will tantalize your taste buds and nourish your body.

Our mission is simple: to make it easy for people to eat well and feel good about what they put into their bodies.

We are proud to have received numerous awards for our commitment to quality and sustainability, and we hope you'll taste the difference in every bite.

We at Tirupati foods are a dedicated team and together we are committed to achieve our goals by providing quality products blended with world class customer service.

Corporate Social Responsibilities:

As a part of our social compliance, we contribute to society with adequate resources to various schools run by NGOs and various other organizations, which require assistance to meet their day-to-day affairs.

Our corporate social responsibility starts within our system, We strictly abide by the laws laid by government bodies.

Safety

Our work force, close to our heart, are regularly briefed and trained with essential training programs whether it is fire safety, medical-aid, accident prevention or disaster management. We also provide other safety and alternate equipment for our work-force safeguard and aid.

Eco-friendly

We seek to reduce the release of any pollutants that may cause any environmental damage. We are equipped with solar panels and all our factories have been granted non polluting status for which we strictly observe rules & regulations.

Hygiene

Our products are procured, processed with minimum human contact. We adopt unique practices to maintain highest level of hygiene in our food products while protecting them against pollutants and other cross contaminating elements.

Quality Assurance

We have been certified with various quality control certifications. Our strong emphasis on quality inspection is well known to both our customers and competitors alike. We have two in house laboratories that inspect and analyze every lot with global quality standards. The unprocessed pulses are sourced from reliable agents and are processed at our processing unit with latest technology, under the sturdy supervision of well-qualified professionals. Tirupati Food is a name to be reckoned with purity, quality and rich taste. Over the years we have been awarded by various esteemed organizations for our quality products and services.

Company Infrastructure

We possess five state of the art-manufacturing units, which are equipped with a range of globally advanced machines and apparatus. Our products are procured and processed with minimum human contact. We use progressive sieves and allied tools to filter the impurities and foreign material either organic or non-organic particles. Each individual grain has unlike shape and size, leading us to producing heterogeneous qualities with uniformity. We are also equipped with imported color sorter machines to precisely clean impurities from the products, and to ensure hassle free delivery we also have the convenience of in-house online barcode printing facility accompanied by online x-ray and metal detector machines. The company is governed by strong management team holding vast industrial experience of more than 50 years. Our priority is to achieve highest level of customer satisfaction by delivering promised quality of products and services to our valued customers.
