

Rice Starch Made Good Meals

About Us

Green Starch Co., Ltd originates from a love for Vietnamese rice, rooted in the 100-year tradition of the rice starch craft village. Established in 2019, we take pride in producing clean products such as rice straws, noodles, pho, and vermicelli, all made from pure rice without chemicals. We is not just food; it is also a commitment to health and the environment.

SAFETY

Meeting the high
demands of domestic
and international markets

Green Starch's factory is built on a 6,000m² area with a production capacity of 800–1,000 tons of products per year, meeting the growing demands of both domestic and international markets.

We own a closed-loop production line, from the selection of raw materials to the packaging of finished products, ensuring a safe, hygienic, and environmentally friendly manufacturing process.

Our team of skilled and experienced workers, thoroughly trained, is dedicated to delivering the highest quality products with utmost effort.

Rice Starch - Made Good Meals

Green Starch JSC products embody the finest essence of Vietnamese rice. From the vast fields of the Mekong Delta to the fertile rice granaries of Dong Thap, each grain is carefully refined through modern technology combined with over 100 years of traditional expertise. As a result, Green Starch products deliver a natural chewiness, delicious taste, and pure rice flavor—free from chemicals, perfect for wholesome meals.

Our Commitment

We understand that product quality is the core factor determining a business's success. Therefore, we consistently focus on investing in modern machinery and equipment, adopting advanced technology, and strictly adhering to production processes. We are committed to delivering high-quality, safe, and consistent products to our customers.

Rice Straw

Với mong muốn kế thừa và phát triển nghề sản xuất các sản phẩm từ Tinh Bột Gạo, Ống Hút Gạo FUMA ra đời với sứ mệnh giải quyết vấn đề nhựa – thách thức lớn của thời đại. Làm từ bột gạo nguyên chất và tinh bột khoai mì, sản phẩm tự phân hủy tự nhiên trong thời gian ngắn, thân thiện môi trường. An toàn tuyệt đối, thậm chí có thể ăn được sau khi dùng, FUMA không chỉ giảm ô nhiễm mà còn mang đến trải nghiệm sức khỏe tinh khiết từ cánh đồng Đồng Tháp trù phú.
