SUSTAINABLE DEVELOPMENT GOALS

The company focuses on developing internal infrastructure by initiating SolarRooftop for electrical power within the factory, enabling the production of quality products from sustainable renewable energy.

The company recognizes the importance of communities in Pak Chong District, where our factory is located. Therefore, MMP has been developing our staffs and their families in the community, such as giving scholarships for 35 years.

The company also promotes public health in the community by donating medical equipment and supplies to hospitals in Nakhon Ratchasima Province during the Covid-19 epidemic.

The company initiated the "Circulife by M Wrap" project to raise awareness among employees in waste separation and renewable energy by initiating activities within the organization and recycle to produce boots for medical staffs.

MMP Corporation focuses on organization development base on Sustainable Development Goals (SDGs) and Circular Economy.

OUR CLIENTS

"The company adheres to the policy of doing business to deliver quality products and services to customers with professional integrity and ethics"
