The Story of SAO MAI

A Simple Belief Sparked a Journey Toward Greater Prosperity Day by Day

Founded in 2020, Sao Mai Agro Processing was born from a humble yet powerful conviction: to elevate and develop Vietnamese agriculture.

At Sao Mai, we believe that when agricultural products are truly valued, farmers are honored, and communities are empowered—that's when real, sustainable progress begins.

Our journey is driven by a deep desire to uplift farmers' lives and an unwavering belief in building a better future for our local communities. This is the foundation of our path toward prosperity - one we have walked, continue to walk, and will carry on for many years to come, guided by an unbreakable flame.

We create lasting value for Vietnamese agriculture through cutting-edge technology, a global outlook, and a heartfelt ambition to bring the flavors of Vietnam's fruits to the world.

Vision

To pioneer innovation and embody the pinnacle of quality in Vietnamese agricultural excellence

Mission

To elevate the enduring value of Vietnamese agriculture through cutting-edge technology, a forward-looking global mindset, and a heartfelt devotion to our homeland's farming heritage
