“Nutrients come from nature”

INTRODUCTION

KyeongCheon Foods Co.,Ltd. with a 40-year history which innovated the production and distribution of ‘Laver’ for the first time in the industry, established a unique consistency system for roasted seaweed.

- ① Direct purchases of raw seaweed from laver farmers (bid broker)
- ② Direct management of raw seaweed drying factory
(Production of original seaweed of laver)
- ③ Direct storage of seaweed in refrigeration warehouse
- ④ Production of sesame oil and perilla oil
- ⑤ Production of roasted laver
- ⑥ Sales

KyeongCheon provides the best quality laver for the same prices as it’s competitors.

KyeongCheon Foods Co.,Ltd.

- ① Provides technical guidance and management for laver famers to help them produce high-quality and safe raw seaweed
- ② Purchases the best quality raw seaweed from the best sources and precisely and directly manages to make sure the raw seaweed is safely dried in the laver drying factory
- ③ Stores only the highest quality dried laver from the refrigeration warehouse that is carefully managed
- ④ Uses only freshly dried laver as needed from the warehouse every day
- ⑤ Then roasts only the freshest and picked laver
- ⑥ While roasting, we only apply the highest quality sesame and perilla oils which is also directly produced by our oil factory
- ⑦ Produces roasted laver to perfection, which produces some of the most delicious laver. This comes in various flavor in accordance with SQF, HACCP, FSSC22000, HALAL, USDA, and Chinese organic certification.

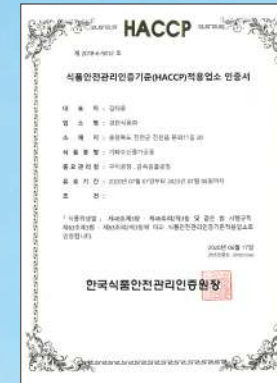

Equipped with state-of-the-art hygienic production facilities.

KyeongCheon Foods Co.,Ltd. produces only the finest quality laver which comes in various flavors.
