Tablet Solutions for Food & Beverages Industry

About

The Joy Factory (TJF) is a leading manufacturer of industrial-grade tablet enclosures and mounting solutions, designed for demanding industries like food-processing, oil & gas, and healthcare. TJF's rugged iPad enclosures and versatile MagConnect mounting systems ensure durability, safety, and flexibility, enhancing digital transformation on the shop floor.

Harsh environmental hazardous includes:

Extreme Temperatures

Humidity and Moisture

Liquid Exposure

Physical Impact

Dust and Debris

Chemicals

Our Industrial ruggedized cases provide these protection features to overcome challenges in Food Manufacturing environment

IP68 Waterproof/ Water-resistant

High-quality screen protector and fully-enclosure cases protection against full water splashes or even immersion.

Military Shockproof/ Vibrations resistant

MIL-STD-810H shockproof certification provides devices the ultimate protection from wear, scratches, and any drops.

Easy to clean and sanitize

Hospital-grade disinfectant wipes are safe to use on our aXtion case. Never use dry clothes to clean as this would cause a hazard by producing static electricity.

Our Industrial ruggedized cases provide these protection features to overcome challenges in Food Manufacturing environment
