

SINCE 2000
“CGF” THE WAY NATURE INTENDED

ABOUT “CGF”

Established in 2000, Chanthaburi Global Foods is the pioneer in introducing vacuum freeze-drying technology to fruit processing in Thailand; with this technology, the processed goods will be able to keep the shape, flavor, aroma, and nutrients of the fresh fruits. Our products are sold under “CGF” and “Fruitural” brands.

We also manufacture the frozen products, including frozen fruits and vegetables. Flash Freezing technology is used for producing the highest quality frozen products. Our entire manufacturing process also follows strict standards.

Every step of our processes are handled by a team of experienced professionals to ensure that our products achieve global standards.
