## About us

Fish Line International Ltd. is a prominent seafood exporter and supplier based in the Sultanate of Oman. Our first branch was established in Muttrah in 1998, and since then we spread out to other significant destinations in the country, such as Quriyat, Al Ashkharah, Masirah Island and Duqm.

## Vision

We're focused on obtaining the premium status as the best seafood supplier and exporter in the GCC, by capitalizing on our local experience, technical prowess and the unrivaled performance in the fishing industry.

## Mission

We're unwavering in upholding the reputation as a premium brand in the seafood sector in Oman, leveraging the top-grade products and services across the country.

## Quality

Our fish products are delivered to customers following a thorough quality assurance process. We adhere to the globally acknowledged quality standard for food safety, HACCP, and are approved by the Ministry of Fisheries in Oman. (QC 9261/)Our factory is certified by ISO ,HACCP and FDA .

## Freshness

Omani fishermen deliver freshly caught fish , on a daily basis , that are kept in temperature controlled cabinets which are then transferred to to our FDA certified packing factories. Our fish are processed on the same day then exoported to our customer all across the globe.

## Our Team

Given the vast amount of products we serve daily, and the significance of keeping their freshness unspoiled, we've built a team that is agile and resourceful. They're well trained and possess track-records of outstanding services.Our success is the result of team works, collective efforts, and impeccable strategies.
