

Korea No.1 ORS, developed by military doctors

Lingtea was developed by 3 military doctors from the special forces.

Dr. Woncheol Aaron Lee,
founder of Lingtea

Three doctors contemplated fundamental solutions for soldiers undergoing strenuous training and dehydration.

After extensive research, Lingtea was developed for more effective hydration than water alone!

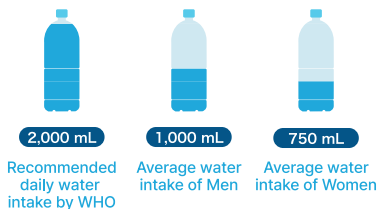

We aim to create a culture of healthy hydration and strives to provide premium health products with medical evidence and high standards!

Why Lingtea?

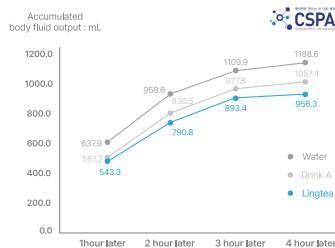

Chronic dehydration in modern society

More than 75% of the global population is experiencing chronic dehydration.
Average men and women consume 50%, 63% less water than WHO's recommendation.

Lingtea's water absorption effect is experimentally verified

Lingtea shows lower urinal discharge compared to other drinks and higher absorption in the body.

A whole new hydration bliss!
SCIENCE MEETS TASTE

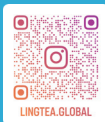

Taste the difference,

LINGTEA
