

A person's hands are holding a reusable cup with an orange lid and a green body. The cup is centered in the frame. The background is a soft-focus view of green leaves and branches, suggesting an outdoor setting. The text 'STACKUP' is overlaid in large white letters across the middle of the cup, and 'Landly' is overlaid in smaller white letters below it.

**STACKUP**

# STACKUP

## Module Structure + Eco Friendly Material

STACKUP is

The 'modular structure' allows you to store household items that can be used for a longer period of time.

By providing innovative products, we can reduce discarded products.

You can confidently work to ensure that users can enjoy useful daily necessities for a long time.

We produce all our products 100% in Korea

Suptech's own brand, Landly, is

We develop 'eco-friendly materials' and 'eco-friendly food containers'

We propose Landly products that maintain lifespan and take the environment into consideration.

There is and will be pretty and exclusively used food anytime and anywhere: at home, at work, at a cafe, or outdoors.

# Landly

Create a sustainable life for nature and people by removing trace

**Landly = Land+Friendly**

This is 'Landly', an eco-friendly foodwear brand.

Landly means land + friendly

It contains the desire to become familiar with the land and nature.

**Leaving no trace**

**Pride for the earth**

**Live together**

**Plastic disappears**

**Self-esteem comes alive**

**Sustainable life together**

Biodegradable Material

Six months later

Microbial decomposition

Production

## Foodware that the land eats

- ✓ Landly's bottle and plate set is 100% biodegradable foodware made from bio-based materials.
- ✓ When discarded on the ground, the natural environment and microorganisms decompose and disappear without leaving behind microplastics.
- ✓ Carbon emissions are reduced by up to 50% during the production and disposal process compared to general plastic.

## BLOCK BOTTLE Product Description

720ml  
(S커피전문점 Venti size)

540ml  
(S커피전문점 Grande size)

360ml  
(S커피전문점 Tall size)

### Adjust the dose at will

1 space, 2 spaces, 3 spaces... You can increase the capacity you want by stacking modules like LEGO. Depending on the size of your bag, make it the size you want and carry it around.

### Drinks & food all at once

You can connect the compartments to hold drinks, or you can separate the compartments. Can hold a variety of foods like a lunch box. Transformable block bottle that doubles as a tumbler and lunch box!

### Clean washing, quick drying, eco-friendly materials

Each compartment is separated so you can reach all surfaces for clean cleaning. It dries quickly and leaves no limescale odor. 100% eco-friendly material, zero detection of environmental pollutants!

### Customize design by replacing modules

Since each compartment can be purchased by module, you can change the design and use it continuously by adding or replacing modules.

# ECO BLOCK BOTTLE

Composition	open cap, middle module, separator, bottom module
Size	75 X 75 X 195 mm
Capacity	540ml (bottom module 360ml, middle module 180ml)
Weight	300g
Material	ECOZEN or biodegradable PLA
Manufacturer	Stackup Co., Ltd.
Country of manufacture	Korea

## ECOZEN

Basic Set

Addition Module

## Biodegradable PLA

If you add 'additional modules' to the 'basic set', the columns will continue to expand upward.  
It can be used as a lunch box with compartments to store multiple foods such as salad, cereal, and fruit at once.  
If you connect the compartments and stack them, it becomes a large capacity water bottle.

## ECO PLATE SET

Microwave OK, dishwasher OK, environmental hormone X

## SILICONE STRAW

Eco-friendly silicone straw that can be unfolded and cleaned cleanly

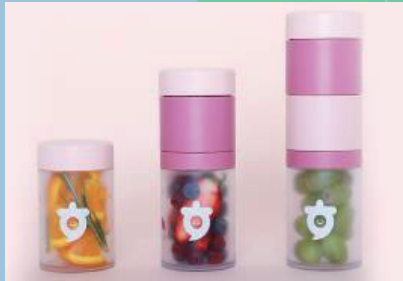

## BOTTLE BAG / STRAP HOLDER

Eco-friendly 'bottle and lunch bag' that can be heated and cooled

'Strap bottle holder' to prevent water condensation and protect against temperature

## B2B COLLABORATION OEM service

정관장

PRUGIO

USANA

SANDBOX
