Milestone

Originating as an Organic Produce Grower in the Mekong Delta, TOFOCO is proud to provide certified organic rice to high-demand markets such as the USA and EU. With five years of growth, our focus has shifted to producing dried rice noodles, including instant varieties available in bags, cups, and bowls.

Pho Vi Que Dried rice noodles

The ingredients are 100% natural from rice, modified starch, and salt, Pho Vi Que Dried rice noodles are a safe solution for your family's health.

Thanks to its special formula, Pho Vi Que is delicious, chewy, and fragrant with the aroma of rice, and is a convenient choice for cooking traditional-style Pho dishes. Preparation time ranges from 3 to 5 minutes, depending on the dish.

Pho Vi Que Dried Rice Noodles

100% natural from rice,
modified starch, and salt.

Rice noodles (pho) bowl is manufactured under a closed technological process that meets international food hygiene and safety standards FSSC 22000. The condensed seasoning package is in thick form, preserving the traditional pho flavor. Combined with chewy, soft noodles that are just cooked after 3 minutes, creating a delicious, quality and convenient bowl of instant pho. The product does not use preservatives or synthetic colors. Ingredients from rice, and ingredients that make up pho seasoning, are 100% natural.

Core values

We are dedicated to delivering significant value to our partners and employees. At TOFOCO, reputation and quality serve as the guiding principles in our working and investment strategies. We ensure that resources and opportunities are equally accessible to everyone, believing that this policy will attract talented individuals to join us and contribute to the sustainable development of the company.

Furthermore, contributing to building infrastructure in our business growth areas is an annual activity of the company. Additionally, as part of our commitment to a greener and more sustainable future, we invest in renewable energy solar systems. Moreover, we pledge to donate a portion of our net profit to social funds, furthering our commitment to making a positive impact on society.

Right from the start, we've integrated the FSSC 22000 food safety management system into our state-of-the-art production lines, guaranteeing top-tier products for our consumers.

We leverage cutting-edge technology and advanced equipment to uphold unparalleled quality standards in our products. Every item in our range is meticulously crafted, free from harmful chemicals and genetically modified organisms (GMOs).
