ORGANICS COMPANY

Our History:

With over 30 years of experience producing many brands of coconut rolls for domestic and international markets. We are one of those who have knowledge and understanding of the coconut roll business in Thailand from upstream to downstream. Starting from the beginning of the upstream is the construction of a manufacturing plant, production machinery development, raw material procurement, research and development of production methods, and product development until the downstream market is both domestic and international markets.

Tongsook Food's Quality Policy

“Committed to creating high-quality products in accordance with global standards for food safety. Pay attention to the environment and the law. Step into the global”

Our Products: Thai coconut rolls

Our Products: Crispy coconut rolls

We are certified :

What makes us unique :

☐ Texture:

Crispy, crunchy, easy to chew, and not hard, can be eaten by all genders and ages.

☐ Smell and taste:

The delicate aroma of coconut milk kicks the nose. The taste is just right: sweet and very delicious.

☐ Different Ingredients :

Every piece of our coconut roll contains coconut milk from a coconut plantation where coconuts are grown for making specific Thai desserts. We squeezed fresh every day. Use it day by day. No refrigeration. Not overnight. No preservatives are added. Other components are selected only for premium grades. And used to produce it day by day only.

☐ Baking Process:

Every piece of our coconut roll goes through a baking process that we have invented and developed for more than 30 years, which can guarantee that you will get our coconut roll with a smooth texture, crispy, fragrant, not hard, not burnt, and safe for consumers. Every piece is delicious.
