WORLD CLASS FISH

Our love for fish takes us around the world, tirelessly searching for new tastes, new options and new innovations. We travel around the world regularly in order to be the best in what we do. Our involvement has ensured that we have gained a better understanding of our products.

HAPPY PEOPLE

One of Amacore's biggest strenghts is a close relationship with our suppliers, partners and customers. We are able to assist our customers in various languages, and provide products completely adapted to the specific wishes you may have. Our support goes from packaging and logistics, to custom and import proceedings. In addition to fish, we love people.

FINEST FISH GUARANTEED

As Amacore imports large volumes of frozen fish, we can guarantee high quality standard products, always directly available from stock. Together with our efficient international logistics system, our team of quality inspectors, temperature controlled vessels, trucks and cold stores, we can guarantee the finest fish.

SUSTAINABLE RESOURCES

Amacore sources from sustainably certified fisheries. In addition, we are an active participant in projects that aim to secure healthy fish stocks for our future generations.
