

Amir Rice Mills (Pvt) Ltd.
Millers & Exporters

Mian Abdul Rasheed

Founder & Chairman

The story of the **Amir Rice Mills (Pvt) Ltd** begins with its founder and chairman, Main Abdul Rasheed, and dates all the way back to 1965. It was around that time he bought an ordinary traditional rice husking machine. By 1982 he had expanded the business by adding new machinery of paddy husking and milling with husk fire type paddy dryers to build what is today known as **Amir Rice Mills (Pvt) Ltd**.

Mian Amir Aziz

CEO's Message

It is our mission to provide quality rice at an affordable price to all our customers. We at **Amir Rice Mills (Pvt) Ltd** are optimistic that we could likewise achieve our set goals if we continue to work with you as a team. So, to our business partners, who are indeed our stakeholders, we pledge to continue to encourage our after-sales services, promotional team to be more proactive in their approach by making more frequent market visits to you, as well as conducting more rice seminars throughout the region. We continuously improve the Quality of rice from Farming to Processing and export. **Amir Rice Mills (Pvt) Ltd** will continue its efforts to produce and provide our customers with excellent quality products without compromising on service to our customers. Currently we are amongst the leading exporters of rice in the country, reaffirming our stance on quality. Today our firm has ultra-modern, fully automatic, computerized plants to provide our customers with the best quality of rice. Technologically advanced machinery dries the paddy for processing, automatic computerized machines remove the rice husk, polishes the rice and sort out the best grains of Rice. Finally, fully automatic machines are deployed for packaging purposes. With operations and markets spanning the globe, we export to around 60 countries with diverse and nutritious rice products. Innovation is the key to our success and our brands represent superior taste experiences and quality around the world.
