BROOKSMADE DELIVERS THE 3 KEY ATTRIBUTES CONSUMERS SEEK FROM BBQ SAUCES AND CONDIMENTS

CLEAN LABEL

It's the premium attribute most likely to influence consumer condiment purchases. Half of all foodservice operators would be more likely to buy a condiment if it were clean label.

FLAVOR

Taste is the top criteria for consumers choosing BBQ sauce at the store. Innovative flavors and premium ingredients hold wide appeal for operators when selecting sauces.

AUTHENTICITY

Consumers seek brands that stand for something. With an inspiring founder story and a focus on uplifting local communities, Brooksmade is sauce with a purpose.
