**LONDON PROBIOTICS
TECHNOLOGY SDN BHD**

Products Manufacturer

Established
in the middle of
2006 with purposes to
build a contract manufacturing
facility to move further up the value
chain, providing further support to our customers
and to serve as an OEM facility (we are a one stop center,
providing turnkey product development i.e. from product conception
to a finished product ready for launch in the respective target markets).

OEM / CUSTOMIZATION OF PRODUCT IS MADE ACCORDING TO THE CUSTOMER'S SPECIFICATION
