PMI Foods

FOR OVER THREE DECADES, PMI FOODS HAS BEEN THE LEADER IN THE GLOBAL FOOD ARENA.

With a strategic network of over 20 offices spanning 6 continents, we are not just about quality - we are about the journey from strategically selected products to delivery at the final destination. Every step in this journey is meticulously tailored to meet the unique specifications and requirements of each region, offering comprehensive and complete solutions for the entire food distribution chain.

Our product line consists of a variety of beef, lamb, pork, poultry, seafood, dairy, vegetables, and eggs, and all our products meet the highest of international quality standards, originating from the most renowned food producing regions worldwide.

How PMI Foods operates in each market:

Products from around the globe, delivered swiftly and efficiently.

Committed to the global food market, PMI Global Solutions provides comprehensive solutions for worldwide product distribution. Our expertise encompasses commerce, regulations, customs, and logistics - ensuring the quality and efficiency of our services.

Customized solutions for imported goods, tailored to meet the unique needs of every market.

Focusing on delivering high-quality food, PMI Distribution supplies wholesale networks, supermarkets, and medium to large-sized companies. With extensive storage networks, we provide a diverse product portfolio and ensure effective deliveries.

Fast, personalized, and efficient delivery.

Specialized in meeting smaller-scale demand, PMI Food Service focuses on customers in the “Horeca” segment (hotels, restaurants, and catering) and on small to medium-sized retailers. Our strengths lie in our personalized service, agile logistics, close customer relationships, and a varied product assortment.
