About Us

Rafa company for industry is a leading company in manufacturing, bottling, distribution of water, ice and plastic bottles and caps. The company was established in 2006 based on scientific background and over 17 years of accumulated experience. The company has expanded its services through adding the transportation and distribution service, where the company has a fleet of truck of the latest generation to support all of its factories across the KSA and also to meet the needs of its customers. Rafa company for industry employs selection of administrative personnel, engineers, technicians and workers with broad experiences and technical and administrative expertise in the industrial solutions. The company is one of the most prestigious industrial companies in the KSA and it is one of the first companies established in the Second Industrial Area. This unique location that is closest to all work places inside and outside the KSA is one the most prominent advantages that the company enjoys.

RAFA WATER

Water is the most important natural resource on the earth and it is the most critical element for all forms of life, particularly in our life. We recognize the vital role of the healthy water as the key for human growth and good health. Our commitment to quality and safety means Rafa water is built to create and maintain the highest quality drinking water. Our objective is to present to our customer a pure water while following the highest quality standards. Rafa Water has always sought to maintain its commitment through establishing its factory in a pollution-free reserve area, and contain the cleanest water sources in the KSA.

كريستال الجبال MOUNTAINS CRYSTAL
