# CLASSIC

## LAMB, MUTTON AND GOAT

Australia's vast, open and lush pastureland provides the perfect environment to raise quality livestock to support our lamb, mutton and goat programs which have become well recognised the world over for their consistency and quality. Our experienced team of livestock buyers source only the very best sheep and goats from trusted farmers that we have strong, long-standing relationships with, ensuring we're able to maintain a 52-week supply.

Wholesalers, retailers, restaurants and hotels around the world trust and rely on the quality and dependability of our products to support the growth and success of their business.

To broaden our product offering we have developed niche lamb programs, including grain fed and organic lamb, demonstrating our ability to stay at the forefront of consumer trends and market demands.

# TRIED AND TESTED QUALITY PRODUCTS RESULTING IN INDUSTRY LEADING STANDARDS AND REPUTATION

## TFI CLASSIC LAMB AND MUTTON

Through our network of four strategically located company-owned and operated processing plants in New South Wales, Victoria and South Australia, our lamb and mutton customers around the world can rest assured of regular supply and consistency to specification.

Backed by more than three decades of striving for continued improvement and consistent investment in our people and facilities, we have steadily grown to become the largest sheep meat processor in Australia.

TFI lamb and mutton customers can rest assured that they are partnering with industry leaders to grow their business.

## TFI CLASSIC GOAT

Our goats roam free and are certified halal. As a leading supplier of Australian goat meat, our quality goat meat products are available year round, meeting growing demand from both domestic and export customers. In recognising this growing demand and the expanding Australian goat herd, we have invested in a specialist goat processing facility in New South Wales to ensure our valued customers can confidently rely on a year-round supply of the highest quality goat products.

## ABOUT THOMAS FOODS INTERNATIONAL

Established in 1988, Thomas Foods International (TFI) has grown from small beginnings to become Australia's largest family-owned meat processing businesses. We take our farm to table ethos seriously, proudly hosting the whole supply chain in-house.

TFI farms ensure livestock receive the best possible start with our strategically-located operations that embrace innovative quality control and animal handling processes to ensure efficient production. Underpinning all of this is worker safety, which is critical to TFI.

Our well-established, highly efficient distribution channels ensure our products effectively move through our supply chain to maximise shelf life, ensuring our customers can consistently rely upon TFI as a strong business partner, 52 weeks of the year.
