RICH AROMA FINE TEXTURE NUTRITIONAL VALUES

The Superior Quality of Rice Grain

3 GENERATIONS INTO THE RICE MILLING BUSINESS

An esteemed manufacturer, exporter and supplier of rice since 3 generations, Shriram Food Industry Limited is a much sought-after name in the market for its superior quality, exotic variety, excellent packaging, and cost- effectiveness. We are a part of diversified Greta Group, present in the food processing, as well as commodity, minerals & scrap metal trading industries.

PRODUCTION SETUP

Being located near the paddy procurement sources with close proximity to Mumbai & Vishakhapatnam ports, our mill has a dual location advantage. This not only results in the reduction of the price of the end product but also makes way for speedy shipments.

- We have a production setup at Nagpur in Central India with a milling capacity of 2500 MT per day.
- Our infrastructural facilities managed by a professional team have enabled us to attain a monthly production capacity of 1 Lakh MT per month.
- We have the latest machinery from Buhler (Germany) and fully equipped laboratory for in process quality control.

VISION & MISSION

Our vision focuses on capturing the world market with trust, commitment, and quality. Customer satisfaction is the core of all our endeavors. We strive for building a strong business relationship with our clients by offering the premium quality of Rice at the most reasonable price.

PRODUCT VARIETY

The company processes a complete range of rice in Raw, Steam, and Parboiled variants. Produced from the finest grains, our rice is known for Rich Aroma, Fine Texture, Nutritional Values. Besides, the non-stickiness makes it easy to cook.

- IR 64 PARBOILED RICE (5%, 10%,25% & 100%)
- IR 64 WHITE RICE (5%, 10%,25% & 100%)
- STEAM RICE
- SWARNA RICE
- BASMATI RICE

PACKAGING & TRANSPORTATION

We pay emphasis on packaging to ensure the safety of rice during transit. Besides, packing is also arranged as per the requirements of the buyer. Owing to all these, our rice has received a wide acceptance in the markets of India and Africa. In the last few years, we have been successfully exporting continuous rice supplies to the Middle East & China as well.

MANAGEMENT & TEAM

We manage all our endeavors under the guidance of our promoters who have decades of experience in the trading and manufacturing of rice and other grains. It is because of this rich leadership that we have become one of the major world rice exporters.

- Professionals : A team of skilled manpower, well-versed in all aspects of the product.
- Quality Testing Officers: Responsible for strictly scrutinizing the quality of the products by various quality testing parameters.
- Supplying Teams : Take special care for safely delivering the products to the clients in quality poly packs.

STRENGTHENING THE INDIA-CHINA BILATERAL TRADE

We are among the very few Indian companies approved for the finest rice imports by the General Administration of Customs China (GACC), looking to improve trade relations with India. This opened a new door to a renewed friendship between these two giant Asian countries. And by exporting the premium variety of rice to China, we are committed to strengthening that.
