ABOUT US

Shazia Basmati Rice, a product from the house of H.R Exports Pvt. Ltd., an ISO 22000:2005 certified firm by SGS one of high quality rice producer, miller and exporter based in New Delhi & Karnal in India. With an immense experience of more than 40 years of involvement in Indian rice industry and rich product knowledge, we have acquired a dominant position of noted manufacturer and exporter in the market.

Our unrivalled portfolio of rice products has been meeting consumer needs for well over decades and includes 1121 Creamy /Golden Sella Basmati Rice, 1121 Steam Basmati Rice, Pusa Basmati Rice, Traditional Basmati Rice, Non Basmati Rice. Our Chairman Naresh Kumar Gupta has also been the president of Delhi food grain association for many years and under his vision our company has successfully entered the global markets like, USA, UK, Canada, Australia, Saudi Arabia, Oman, Qatar, Kuwait, Iraq, Germany, UAE & Most of other Middle East, European Markets & African Markets. Further to sustain high standards in our products, we have developed an in-house quality testing lab, wherein, all the products are tested and approved as per the parameters & regulations.

Thus, with the assistance of sound infrastructure and quality intensive applications, we have been able to create a niche for ourselves in this strongly competitive market. Our focus is to generate customer delight through value addition to rice latest technology for process & packaging of our Basmati by adopting professional techniques and managing expert professionals.

VISION

“To build a corporate identity in the rice industry globally by making forward and backward integration under professional work environment to transform the orthodox rice commodity into a value added product in terms of nutrition hygiene and packaging forming customer delight and in terms of rewards for partners who will deliver this value added product to the end consumers.”

Besides, some of the other reasons that have earned us a

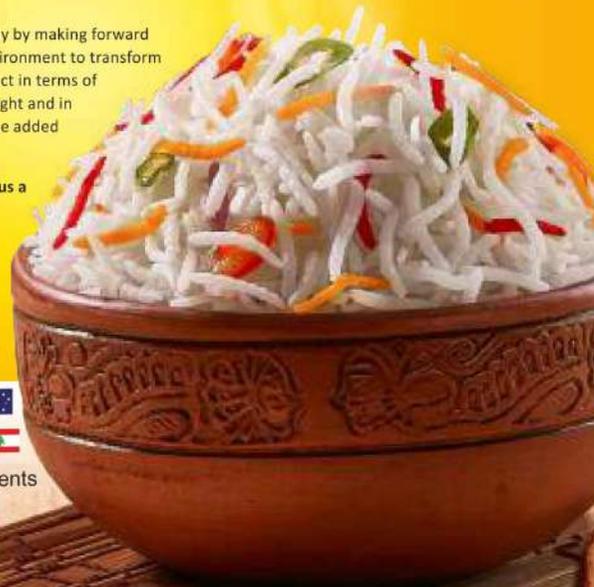

respectable position are:

- Premium Quality Products
- Transparent Dealings
- Cost Effectiveness
- Ethical Business Policies
- Timely Delivery of Consignments
- Prompt Customer Services
- Vast Distribution Network

Our products are available in 5 continents and more than 70 countries.

1

INFRASTRUCTURE

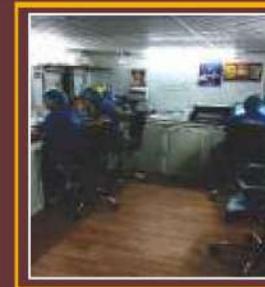

We at H.R Exports Pvt. Ltd., are using the latest Buhler Technology at our rice processing units installed in Alipur area at the border of New Delhi near to G.T. Karnal Road and in Rice Milling in Karnal. Our Installed processing capacity is almost 50,000 MTS of rice Annually with which we cater successfully to the domestic and international market demands.

Every stage conforms to International standards and the guidelines of process control are meticulously adhered to, so as ensure uniformity of grains without destroying fragrance, aroma, quality of grains.

QUALITY

We have adopted the technology of (PC)2 Where our focus is on the pre cooked tests and post cook tests of rice. After all " Rice that looks good must cook good as well."

2
