### Tuna in olive oil

This variety is the result of the selection and preparation of the best tuna. Calvo uses only the best olive oil and the tastiest part of the tuna, the tenderloin, so you can enjoy unparalleled taste and texture.

### Tuna in tomato sauce

Calvo tuna in tomato sauce has a unique flavor, the result of a perfect blend of the best part of tuna, the tenderloin, with a delicious tomato sauce. A different way to prepare healthy and tasty recipes

### Tuna in sunflower oil

Our most classic recipe. An excellent combination of the tenderloin, which is the tastiest part of the tuna and sunflower oil.

### Tuna in water

Our selection of tuna in water is ideal if you are watching your figure because it contains 95% less fat (compared to tuna in oil). Less fat and yet all the flavour of Calvo's best tuna.

### Tuna in olive oil with oregano / with garlic

Our classic tuna in olive oil combined with oregano and garlic in these two delicious variations.

### Fat Free / Low salt

For those who want to stay healthy Calvo offers two alternatives: ZERO Fat Tuna and low salt tuna. With all the flavor of Calvo tuna but with the presentation already drained and a reduction of 80% of salt respectively.

### Tuna Steak in glass jar

The best selection of tuna steaks in glass jar. A high quality gourmet product perfect for salads and special occasions. Available in olive oil and water.

### Tuna for sandwich

This new line is the quickest and tastier solution to prepare your sandwiches. Made from the best tuna loins, it comes in succulent tuna chunks with new flavours like spicy Jalapeño, Smoked and Pizzaiola.
