

LOURDES
HONEY

HUNGARY

Company Introduction

Lourdes Honey Ltd. was established in 2011. From a family business it grew into a blooming factory over the years with heavy focus on exporting high-quality Hungarian honey products to all over the world.

In 2020 we could open our brand-new production facility with our HQ with one aim: to grow and strengthen the company by maintaining our existing, valued partners, and expand even more worldwide with the utmost importance of product quality and customer satisfaction.

Why Hungarian Honey?

- ❖ The Hungarian climate and geographical location is ideal for flowering, has an unique flora, that provides unique honey varieties
- ❖ Large quantities are available all year round
- ❖ Hungarian Acacia is unique in the entire world
- ❖ Hungary has the highest number of beehives per square km in Europe
- ❖ High-quality honey with outstanding specifications

Why Lourdes Honey?

- ❖ Trustworthy, precise, ambitious company
- ❖ Our factory has the annual capacity of 3500 metric tons
- ❖ Direct contact with all our partner beekeepers to ensure our business partners of the highest quality of honey
- ❖ Our factory is IFS, HACCP certified
- ❖ Our honey is double-tested – in our own laboratory and in accredited laboratories in Europe (QSI, Intertek)
