## Evaporated Milk

Inspiring Solutions. Enriching Lives

**Evaporated Creamer** is palm-based creamer suitable for hot & cold beverages, savory dishes, and desserts. It is widely used in making delicious and aromatic treats and serves as the secret ingredient for producing fluffy and tasty omelets.

**Evaporated Filled Milk** is key ingredient for savory dishes e.g., adding creaminess and smooth texture to carbonara and cream soup. It is highly recommended to use as a marinade; it produces extra tender texture and juicy meats. This product is also the perfect taste enhancer for milk tea. Source of Vitamin A and D<sub>3</sub>, cholesterol and trans fatty acid free for a healthier living.

**Evaporated Full Cream Milk** is the most superior quality evaporated milk. This product is packed with goodness of full cream, good source of vitamins A & D<sub>3</sub>, calcium and no added sugar. It achieves the ultimate creaminess in culinary applications. It is also an excellent ingredient for cakes and puddings.
