

Jilin Province Agricultural Sister-In-Law Food Co.,Ltd is a Chinese manufacturer of high quality corns for human eating. We have specialized in the production of sweet corn, glutinous corn since 2012. We are a young but rapidly growing cobs cropper, producer and seller.

We have been gaining knowledge and experience in the cultivation and production of the highest quality corn over 10 years. We started with a small plant and came up to 2 modern fresh corn factories (75,000 m<sup>2</sup>).

We sow, supervise and collect the corn by ourselves. It gives us an advantage of harvesting and producing at milk stage-which other manufacturers can not do. Because we own professional crop growing supervision team. Therefore, our corns' tasting is best, natural flavor.

For many years, our corns have grown on the best fertile soils around the world, known for their fertility and naturalness. In terms of protecting products, providing the highest standard of safety certified by ISO, BRC certificates. And corn have past GMO-FREE testing by SGS. Due to our hard work, we guarantee the highest quality at the best price.

Our corns have been exported to Japan, Korea, Euro, New Zealand, the Middle East and North American Since 2013. Please make sure we can control the production better and our cooperation will be win-win.
