BOSTANA FOOD INDUSTRIES

www.bostana.com

YOUR **HEALTH**
and **safety** are our **priority**

Bostana was established in 2006 as a producer and exporter of frozen fruits & vegetables in Obour city. Starting from a small factory with minimal capacity and increased demand we moved to a state of the art facility in 10th of Ramadan in 2020.

Our factory is equipped with the latest Octofrost tunnel, is BRC certified, and complies with the Egyptian and international food safety standard. We are on the white list of the national food safety authority (NFSA) which regularly monitors our standards and ensures our product are ready to be exported into the toughest of markets. Our annual capacity is 20,000 tons/ yearly of frozen produce and we are equipped with storage capacity to ensure timely deliveries to our customers around the world.

From farm to fork theory ensures that the end customers receives a high quality product free from GMO and complying with the pesticides requirements that is easily traceable. We aim to always expand to the niche products and deliver a smooth process from farm to fork

Quality

We guarantee that our clients constantly receive a high quality & safe product. This is done through contracting with GlobalGap certified farmers from early season and sending our own employees to monitor the farms and ensure best practices are implemented.

Once the fresh produce is at our factory we thoroughly implement GMPs, HACCP, and have a strict farm to factory to customer traceability system. All our suppliers from fresh produce to packing materials are approved by the NFSA and are constantly monitored to guarantee the best quality and safety.

Bostana plants a percentage of its production in its own farms. We have strict control over the different hazards that may arise in the farms.

We apply regular risk assessments in order to evaluate our farms and suppliers.

We ensure that our products are safe and comply with MRL requirements, national and international standards.

At Bostana we work with the highest freezing technologies and source premium vegetables in order to fulfil our customers' needs locally or around the globe.

Bostana carefully selects its fresh produce from monitored farms to ensure it meets the pesticide regulations. With over 20 years of farming experience Bostana ensures the best of quality to our customers.
