

Harvest Foods is a private shareholding Company founded in 1998. With a focus on quality and innovation, Harvest Foods continues to be a leader in the food canning industry, in Egypt and the Middle East.

Harvest Foods specializes in providing a full line of innovative, time and labor saving products that cater to consumers' lifestyle and needs. **Harvest Foods is keen on continuously providing new recipes and products to cater to all customers.**

From a mouth-watering product line to diverse sizes, our extensive product range varies from multiple flavored fava beans, highly nutritious canned vegetables, tomato paste, and newly introduced to the market .

Harvest Foods' priority is to provide its customers with premium quality and taste, while valuing certification requirements and recognized international safety standards.

## OUR FACILITY

Our state of the art and fully automated facility is equipped with the latest canning technology to ensure safety, practicality and novelty. Rigid sanitary programs are implemented, in addition to food safety systems and GMPs to guarantee maximum product safety, hygiene, and quality.

## PRODUCT INTEGRITY

Product integrity is our core principal. Harvest Foods is built on a foundation - a promise to provide product freshness, quality and authentic taste with easy preparation. This commitment is reflected in our team of industry leading professionals equipped with the most advanced technology - to keep the promise to only offer the best to all our consumers and to continue yielding their trust.

# Fava Beans

# فول مدمس

Also known as Foul Medammes, it is often used plain, with vegetable oil, olive oil, tahina, garlic and lemon, in marinated salads, with rosemary or fresh herbs.
