mothers in the area**

* data as of March 2023

Best Friend Goodies is a pasalubong treats company that started operations in 1996. During the COVID pandemic, the company was challenged to pivot and produce nutritious food products to address needs for schools feeding and calamity foods.

To promote sustainability, our fresh produce ingredients are locally sourced direct from farmers.

Best Friend Goodies company has an FDA License to Operate and Certificate of Product Registration for all RTE variants and enhanced nutribuns offered.
