COMPANY PROFILE

UNIVERSAL FOOD PUBLIC COMPANY LIMITED, familiarly known as UFC, is one of Thailand's leading manufacturers of beverages and processed fruits & vegetables. UFC was founded in October 1969, and was acquired by Lam Soon (Thailand) PCL in 2004. With a total dedicated staff of over 900, the Company has one production plant in Nakorn Pathom and another in Lampang, in central and north Thailand respectively. Their strategic locations ensure access to quality raw material supply and provide a significant source of employment for local farmers and other related service providers.

SOURCES AND PROCESS

For UFC, the health and safety of its consumers is paramount. Accordingly the Company places strong emphasis on careful sourcing of fresh fruits & vegetables as raw materials and their delivery straight from farm to factory. For instance, coconuts for our coconut water are sourced, selected and delivered from the "coconut basin" of Thailand, where the best and most aromatic coconuts are cultivated.

UFC incorporates into its production processes state-of-the-art manufacturing technology and systems, supported by a highly-skilled and committed team. After the raw material reaches our factory, the Company ensures that they are processed under thoroughly hygienic and safe conditions, whether it is 100% Coconut Water, or canned tropical fruits and vegetables.

To further reinforce consumers' confidence, all UFC products are certified by professional organisations to be in compliance with international standards and specifications.

SERVING THE 21ST CENTURY CONSUMERS

Over the years, the Company has enjoyed a reputation for meeting the stringent demands of its customers. To better satisfy the needs of the 21st century consumers we study the market to introduce innovative and exciting products. The flexible and responsive R&D and Marketing teams work closely on new product developments.

We continuously invest in brand building, distribution channels, visible merchandising and effective sales promotions to deliver value and sustainable growth for all our stakeholders.

OUR MISSION AND SYMBOLS OF EXCELLENCE

UFC's business mission is to "add value to food production to delight our customers". The Company's commitment to production quality control policies of world-class standards which enables its products to be marketed in many countries across the world.

AWARDS & CERTIFICATIONS

With a highly efficient team and the most advanced technology, both UFC's production factories have been well recognized. Our numerous awards and certifications attest to our guarantee of quality. We will endeavor to continually improve our products and services to provide even better value and satisfaction to our customers.

Kosher OU

The OU symbol, belonging to the Orthodox Union, is the world's largest kosher certifying agencyand one of the strictest kosher standards on the market today

Non GMOs

The standard is a guarantee that these products are produced from non GMOs to ensure the availability of non-GMO products and to help support informed choice.

GHPs-The general principles of food hygiene: Food Hygiene Practices, Codex Alimentarius International Food Standards

This is the certification of compliance with the general principles of food hygiene based on the Codex Alimentarius International Food Standards: Food Hygiene Practices (CXC 1-1969,latest revised 2020)

HACCP(GHPs)-The general principles of food hygiene: The Hazard Analysis and Critical Control Point, Codex Alimentarius International Food Standards

This is the certification of compliance with the Hazard Analysis and Critical Control Point (HACCP) system based on Codex Alimentarius International Food Standards: The Hazard Analysis and Critical Control Point (CXC 1-1969,latest revised 2020)

ISO 9001:2015 (Quality Management Systems)

ISO9001:2015 specifies requirements for a quality management system where an organization

- needs to demonstrate its ability to consistently provide product that meets customer and applicable statutory and regulatory requirements, and
- aims to enhance customer satisfaction through the effective application of the system, including processes for continual improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements.

BRC (Global Standard for Food Safety)

The Standards guarantee the standardisation of quality, safety and operational criteria and ensure that manufactures fulfil their legal obligations and provide protection for the end consumer.

IFS (International Featured Standards Food)

IFS Standards are developed for and through all involved parties in the supply chain, which would like to use uniform standards to ensure safety and quality of food. IFS Standards help to comply with all legal food and quality requirements.

ISO 14001:2015 (Environmental Management Systems)

ISO 14001:2015 specifies the requirements for an environmental management system that manage its environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability, through pollution prevention, improved environmental performance.

ISO 45001:2018 Occupational Health and Safety Management System)

ISO 45001:2018 specifies requirements for an occupational health and safety (OH&S) management system to provide safe and healthy workplaces by preventing work-related injury and ill health.

SEDEX Member and SMETA-4Pillars

The Supplier Ethical Data Exchange (SEDEX) is a web-based system designed to help organizations manage data on labor practices in their supply chain.
SMETA (Sedex Members Ethical Trade Audit) assesses a site based on their organisation's standards of labour, health and safety, environment and business ethics these are key areas for assessing an organisation's responsible business practices and meeting social compliance.

ISO 14001, ISO 45001 and SMETA

ISO 14001, ISO 45001 and SMETA are related to the sustainable development goals to reduce environmental impact, accessibility to clean water and sanitation, develop industry, economic growth and decent work and good health and well-being.
