Company History

of Oweva Corp Company Limited

Oweva Corp Company Limited was established in the year 2010 . The company is firmly committed to developing safe food formulas that are of high standard and focused on the health of consumers. The company is well - prepared with its unique development and research in formulas and flavors , characterized by the selection of high - quality ingredients from both domestic and international sources . Moreover , it has its own globally recognized standard production facilities."

The company has developed a ready-to-drink tea formula that is delicious but eliminates health concerns for consumers. For example, it does not use artificial creamer (instead, it uses partly skimmed milk powder with low fat)and it does not mix in white granulated sugar. Instead, natural ingredients like coconut flower sugar are used, providing fragrant , low sweetness and a low Glycemic Index (LOW GI). This caters to the continuously growing health market, and the response to Muz tea has been consistently increasing.

Brand and Development

The company recognizes the importance of consumer health, which is at the heart of every brand it develops, such as Muz. The meaning of the name is:

M - Made from Mind : Selected and made with heart.
U - Unique: Having a distinctive and unparalleled taste.
Z - Zero Worries: Drinkers should have no health concerns.
