ABOUT US

WORLD-CLASS COCONUT EXPERT

*with Innovation
for Value Creation*

Asiatic Agro Industry Co., Ltd.

is one of the top 3 producer, processor and exporter of coconut products in Thailand. We are the first company to use the PET plastic format for coconut products. The company has been running under the concept of "Sharing coconut culture with the world"

Worldwide presence

Our product are exported to 70 countries across 6 continents around the globe

Product consistency

We focus on the quality of our coconut products. Through our expertise, enables us to ensure that every batch meets the applicable standards and is always packed with authentic characteristics of coconut. We are also certified with HACCP and BRC.

Offering You a Future Growth

New product initiatives are what we value most because we believe that successful product development first starts with achievement from a marketing perspective. Our Research and Development team is always ready to work with you to achieve the growth of your business.

Systematic and Proactive Services

Our standardized and systematic procedures have been adopted with the aim to effectively serve you. Our logistic services are based on the ISO 9001 standard to ensure that your products are delivered on time, in the right quantity and meet your conditions.

Strategic location

Asiatic's coconut plantation is based in Mae Klong, a major cultivation area close to Bangkok. This strategic location allows us to collect our supreme quality fresh coconuts, and to minimize the logistic burdens.

Plant I: Asiatic Agro Industry

This plant features two main production lines, one for each of: Canned Coconut Milk, Canned Coconut Water. This site mainly operates as a food processing plant which provides coconut water and coconut milk in aluminum can using hot filling processing.

Plant II: Ampawa

This site mainly operates as a food processing plant which provides Coconut water and Coconut milk in PET bottle and Tetra Pak using aseptic processing.
