

# Peppersweet

## The one and only

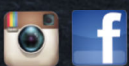

- UNIQUE BREED
- GROWN IN EUROPE
- HANDPICKED
- CRUNCHY AND FRESH

„Peppersweet“ is a unique cherry pepper breed from DIE KÄSEMACHER and is characterized by its crisp bite and the mild and sweet taste. The seeds are cultivated by longstanding tradition and in a lovingly detailed manner. After a careful ripening on our European partner's fields, every single fruit is handpicked which is essential for good harvest results. Following a fast transportation to Austria, our vegetables receive their heart of finest fresh cheese one by one.
