## ORGANIC PREMIUM – SIMPLY BETTER ORGANIC

# SIMPLY BETTER ORGANIC

## In the land of organic farmers

The Salzburg region is the epitome of beautiful natural countryside and is also renowned for its small, family-run farms and dairy operations. Almost 60 per cent of agricultural land is organically cultivated, and the region has the highest proportion of organic farmers in Europe.

## Quality, credibility & transparency

The organic milk for all SalzburgMilch Organic Premium products comes from specially controlled organic farms in Salzburg and Upper Austria. In addition to complying with the legal regulations on organic foodstuffs, they also fulfil the strict criteria of the unique SalzburgMilch animal health initiative. A key focus is on fostering a harmonious ecological cycle and healthy soil cultivation in a natural way, meaning without genetic modification and using only organic fertilisers. The strict animal welfare criteria, combined with independent inspections and regular health checks, guarantee that

the products have an exceptionally natural taste. By respecting nature in this way, we ensure that nature continues to give us the best it has to offer. Our carefully selected organic farmers are reliable partners who rear their cattle with care and give them plenty of freedom to graze on lush pastures. The milk is freshly delivered from the farms where all processing steps are transparent and understandable to ensure the best organic quality. And you can taste the difference!

## Organic Premium Alpine Milk

Our organic farming families produce milk of the highest quality in their daily work on small-scale farms. SalzburgMilch Organic Premium Alpine Milk is guaranteed GMO-free. It owes its uniquely rich and full flavour to the natural diet of the cattle, which graze on a diverse blend of aromatic Alpine herbs and fresh grasses.

As part of our commitment to sustainability and authenticity, SalzburgMilch Organic Premium Alpine Milk is sold in eco-friendly packaging. The FSC-certified, climate-neutral carton is easy to fold up and its characteristic brown cardboard look emphasises the organic nature of our Organic Premium products.

## Organic Premium Skyr

Skyr is a traditional Icelandic dairy product that is becoming increasingly popular in Austria and Germany. It looks like a mix of curd and yoghurt and tastes just as delicious. And due to its creamy texture, high protein and low fat content, skyr is not only a favourite among athletes.

To make Organic Premium Skyr, SalzburgMilch uses the finest Austrian organic hay milk from cows that enjoy free range all year round. Our protein-rich skyr makes a great low-fat snack and is also perfect for breakfast cereals or as a dip.

# HARD CHEESE

## Organic Premium Mountain Cheese\*

The original Organic Mountain Cheese (50% FDM; 34% actual fat) is made from the purest organic hay milk (TSG) according to ancient traditions and gently matured in its natural rind for at least three months. On our organic farmers' lush green pastures, the

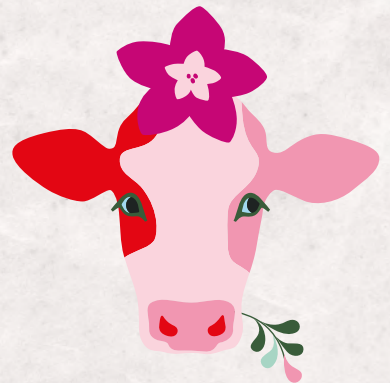

cows enjoy fresh grass in summer and sun-dried hay in winter. And it is this organic hay milk that gives the cheese its wonderfully rich and spicy taste.

Art. No. 10523  
Organic Mountain Cheese  
50% FDM  
Sliced 125 g

## Organic Premium Emmentaler\*

SalzburgMilch Organic Premium Emmentaler is a mild and delicate cheese (45% FDM; 31% actual fat) made from wonderfully tasty organic hay milk (TSG). When producing the organic hay milk, the farmers adhere to strict guidelines for feeding, fertilisation and animal husbandry. With meticulous care and a strong commitment

to quality, the precious hay milk is transformed into cheese by the master cheesemaker and then matured to perfection for at least 70 days.

Thermised Organic Emmentaler in dice form comes in 5 kg bags and is particularly suitable for use in culinary preparations.

## Organic Premium Almkönig\*

SalzburgMilch Organic Premium Almkönig is a semi-hard cheese (45% FDM; 26% actual fat) with a particularly mild, slightly sweet flavour. It is rindless and has round, cherry-sized holes. SalzburgMilch Organic Premium Almkönig is a true cheese delicacy, be it as the highlight on a cheese platter or as a secret ingredient in

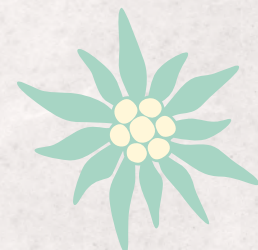

hot dishes. The milk used for making organic Almkönig comes from strictly controlled organic farms in the region.

Art. No. 20276  
Organic Almkönig
