About us

Exporting to a prestigious clientele

Metshu Exports (Pvt) Ltd is one of the largest and leading organic food product manufacturers in Sri Lanka. We are currently exporting our products to in excess of 26 countries around the world, including some world's largest supermarket chains. Furthermore, we have started marketing our products in the Middle East, and the response we have received is promising.

Built on a three-decade-long track record

Our mother company was founded as far back as in 1988 in the coconut triangle of Sri Lanka and has ever since been a trendsetter in the manufacture of a range of coconut-based products. Its impeccable track record culminated in 2014 with the inception of Metshu Exports (Pvt) Ltd, a state-of-the-art production facility capable of producing a wide variety of innovative products, including 100% coconut oil, organic coconut products, organic-certified products as well as Non-GMO food products.

Testimonials to our quality

As a responsible manufacturer, we are committed to implementing stringent quality standards in order to ensure the highest quality standards consistently. This is evidenced by the certifications we have been awarded, such as BRC, Fair Trade, IFS, Non-GMO, ISO22000, Kosher, HACCP, HALAL, Organic, and SEDEX member. Since we place great value on customer feedback and comments, we are always prepared to accommodate them in our continuous development process of products. What's more, in our quest to achieve total customer satisfaction, we continue to focus on even more innovative products with our own highly experienced and dedicated research and development team.

Our outstanding strength

We fully appreciate the fact that a sustainable business model is a vital part of our business. To realize this, we have initiated prudent investments towards expanding our own organically-grown- plantations, which is an exercise just a few companies can afford to do. This, interwoven with Fare Trade agreements we have entered into with a dependable base of local planters, places our company in an ideal platform to perform at its best at all times, making it viable to meet our customer expectations on a consistent basis.

Our customer focus

We continually strive to establish and strengthen our business relationship with customers by offering them maximum benefits, no matter whether the order placed with us is big or small. This is because we value our customers best, and we aim to become your most trusted supplier of coconut-based products from Sri Lanka. We gladly welcome your inquiries on our products, projects, and philosophy.

Vision

Nourishing people, enriching lives...

Mission

We are committed to producing high-quality food products that delight our customers at competitive prices through a prime focus on innovative methods, ethical conduct, and environment.

Quality and Food Safety Policy

We are fully committed to manufacturing our products to the highest standards of safety and quality by complying with all relevant statutory and regulatory requirements, and certified management systems. We ensure that our operations are continually reviewed, and necessary improvements are implemented to keep up with changing conditions as well as advances in technologies. We appreciate the fact that quality is the responsibility of all our employees, so we continue to strive towards creating a quality-culture by taking steps to enhance employee awareness and commitment.

Chairman's Pledge

Having started our business on a strong foundation with a wealth of experience on coconut-based products spanning over three decades, we strive to achieve our vision, "Nourishing people, enriching lives" through utmost commitment and no compromise on food safety and quality.

I am personally committed to safeguarding and adhering to the quality and food safety policy of Metshu (Pvt) Ltd, and its environmental policy, which are integral parts of our corporate philosophy. Also, I would be pleased to emphasize that every employee, service provider, and sub-contractor in my company are fully aware of these and are equally committed to realizing them.

Our Strengths and Values

We are a unique coconut products manufacturer with two dedicated factories for coconut-based products. Apart from that, we have two more factories for the processing of spices and dried fruit. Hygiene and product quality are our predominant commitments. Our production planning is meticulous so that we can consistently meet our delivery deadlines.

We have around 200 local villagers directly employed currently, and we are planning to create more job opportunities as we continue to expand. We have created a friendly work atmosphere, one of the most important values we strongly believe in, which, in turn, has naturally fostered a highly motivated work culture. In view of this, we are proud to have a dependable workforce.

In principle, we are highly flexible and are very much pleased to accommodate customer feedback in product development.

We are capable of introducing various styles to keep up with the market requirement. Every order placed with us essentially entails:

- High and consistent quality
- Carefully chosen raw materials
- Good after-sales service
- Timely delivery
- Competitive price

ORGANIC VIRGIN COCONUT OIL

The oils will remain fluid at temperatures above 24°C. No refrigeration is required.

Metshu's Organic Tropical Virgin Coconut Oil is gathered and made in Tropical Sri Lanka according to Organic Principals and Certified to meet overall Regulations. It is produced using new coconut without high warmth or synthetic substances.

Super quality virgin coconut oil should be snow-white in freeze condition, and it looks like water clear when liquid. Premium quality virgin coconut oil has a coconutty smell and taste.

Shelf life : 2 years Stored under recommended storage condition

ORGANIC DESICCATED COCONUT

Desiccated coconut is the grated and dehydrated coconut meat. According to the cut size, it is split into two types as below

Fine grade • Medium grade •

Desiccated coconut is a good source of fiber and can be added to baking or as a topping. It is a Non-GMO, Gluten-free, and vegan product. Metshu's desiccated coconut is organically certified and produced under strict supervision to maintain quality. Because of the fresh taste and texture, we can add some dried coconut to yogurt, cake, doughnuts, and ice cream.

They are produced in a modern facility that only handles coconuts. Coconuts are grown in the fertile valleys of Sri Lanka.

Shelf life : 12 months Stored under recommended storage condition

Packing

Retail packs	100g, 200g stand-up pouch
Bulk packing	10Kg cartons and 10Kg kraft paper bags

ORGANIC CREAMED COCONUT

If not, you live in a hot country (or have a warm kitchen), you'll have to melt it before taking it to use. Chop it up to make it easier to melt. Simply dissolve creamed coconut in hot water and use as you would coconut milk.

Creamed Coconut is the chef's best choice for soups & smoothies. It can be used as concentrated coconut milk and replace dairy curries, smoothies, and more.

We support organic & sustainable farming that avoids GMOs & pesticides. So our customers can source premium quality products from us

Shelf life : 12 months Stored under recommended storage condition

Packing

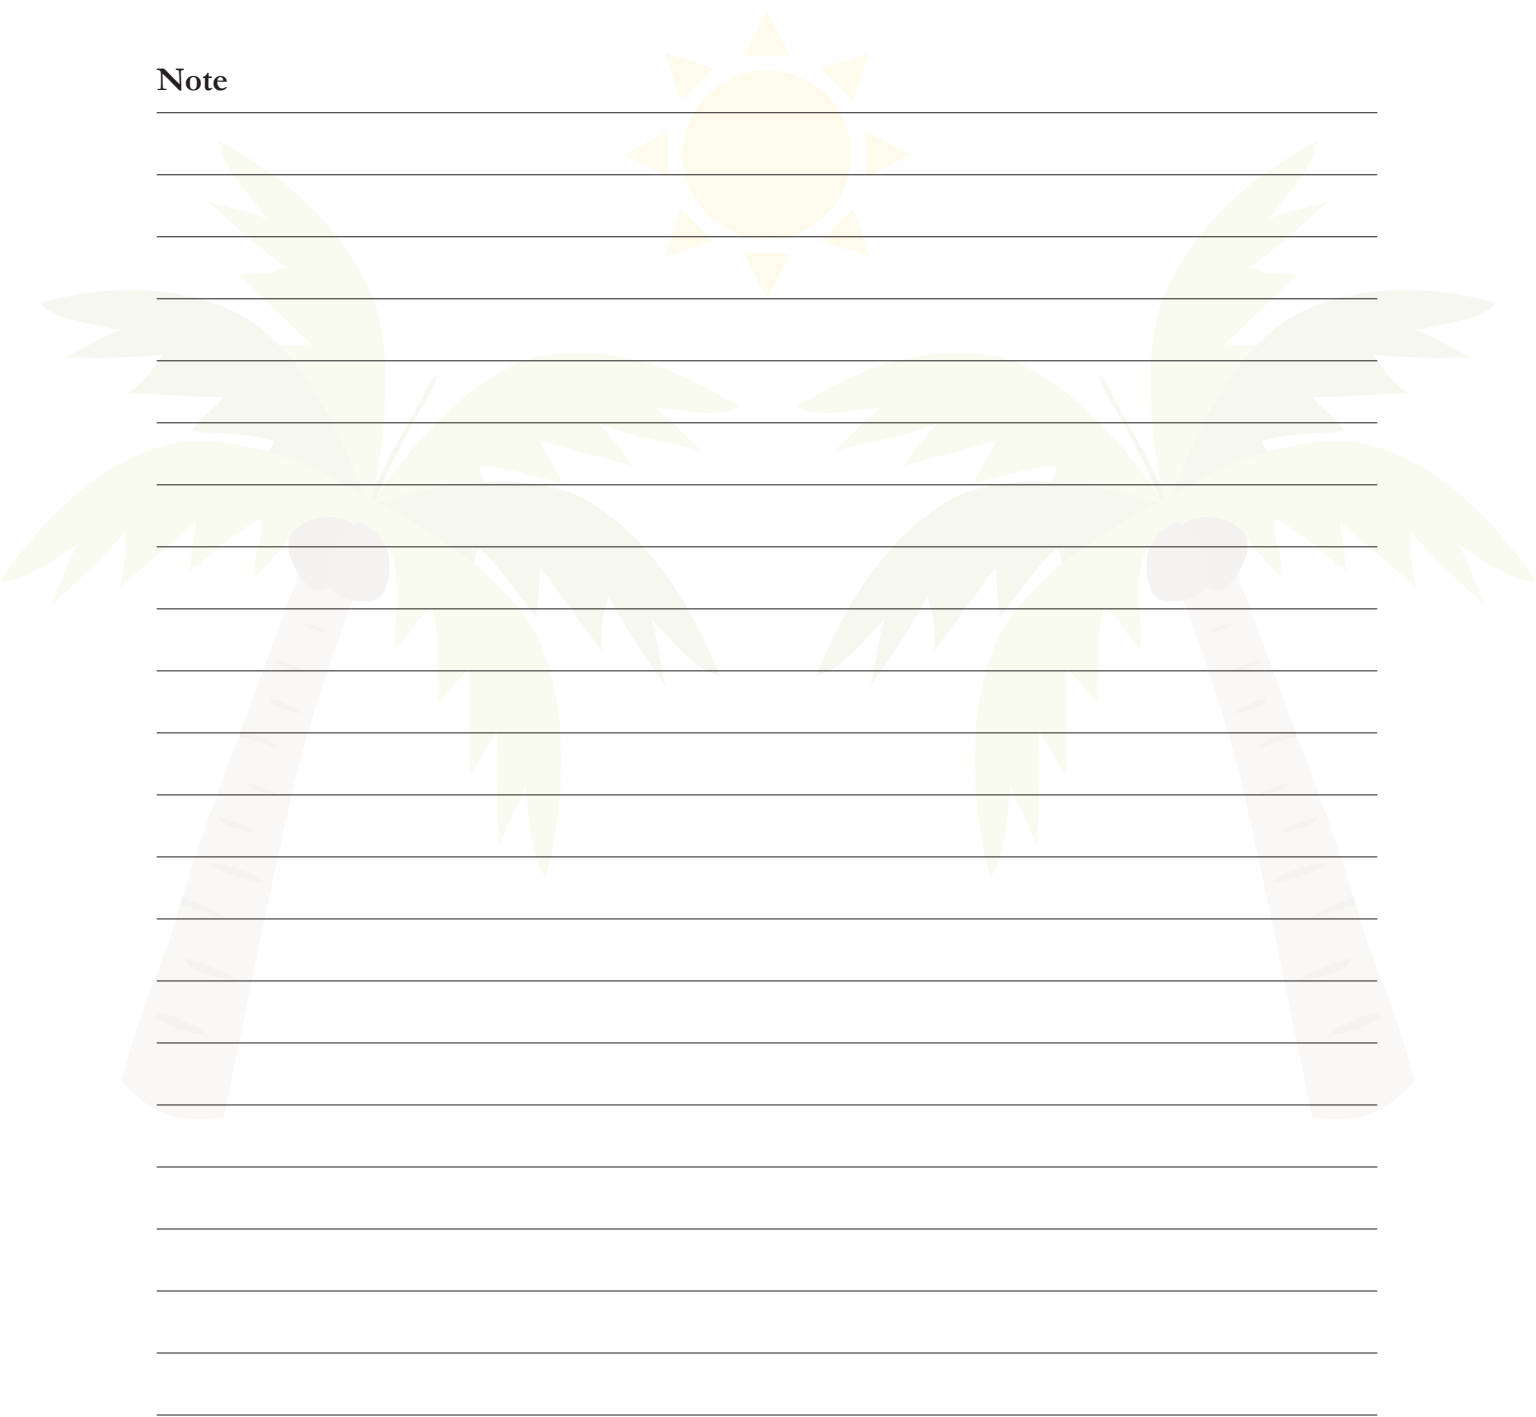

Glass Jar	500ml
Plastic Pails	4 Liter, 20 Liter
