Timeline

Global Presence

Infrastructure

Our company possesses state-of-the-art rice and spice processing plant and warehouses at Hub river road and Gondpass in Karachi city. Our head office is based in Karachi, Pakistan and branch offices are located in Kenya & UK.

Quality

In-house laboratory which is fully equipped for all types of physical & quality analysis which includes checking of moisture content, milling degree, impurities & other product specifications for various commodities. Tests are conducted for procurement / stocks, running productions & final processed product to ensure that quality parameters are being strictly pursued.

Besides, most of the International shipments are inspected for quality assurance by world reputed Inspections Agencies. We only rely on the industry leaders such as S.G.S & I.T.S (Intertek) inspection, certification & fumigation services.
