Muhammad Imran
CEO

Basmati Rice is Excellent product of Pakistan

The Basmati Drives from Sanskrit word “BAS” which mean queen of Fragrance. Basmati rice is king of rice due its quality feature exotic aroma, long slender grains with delicate curvature delicious nutty flavor remarkable linear elongation which is more than its original length combined with excellent flaky soft texture in cooking , due to above feature that,s why Basmati commands against all other rices of the world. Now Mostly Basmati Rice is harvested by half feeding combine harvesters also harvested by hand with delicate care.

Basmati Rice birth in fertile valleys and plains of Pakistani Punjab where it take the fresh water of Himalayan range filled with minerals nourishes the crop to the perfection of aroma , taste and beauty.Usually Basmati rice consume by Moghal Kings and Maharajas but now latest cultivation technique and latest rice milling procedure have made this basmati rice is available for everyone. Basmati rice cultivate one time in Punjab Pakistan and northern India.
