MORINGA RANGE

Moringa Olifera tree is one of the most nutrient dense plants yet discovered. Nutritional analysis shows that the leaves are very high in vitamins, minerals and contain all the essential amino acids associated with a well-balanced diet. These miracle leaves are also a good source of vitamins and minerals and in delivering such powerful nourishment, boosts the immune system providing a delectable opportunity for essential nutrition.

Moringa tea is one of the healthiest teas available. We have blended the dried Moringa leaves with premium green tea to create cups that taste great and overflow with goodness. Each blend is loaded with antioxidants, minerals and vitamins. Don't be surprised if it helps clear your mind and increase energy levels.

SMART LONG GRAIN RED RICE

What is low G.I.?

Foods with a high GI index number (Over 55) are quickly broken down and absorbed by the body and can result in a sudden and rapid rise in blood sugar levels. Low GI foods are broken down and absorbed more slowly into the blood stream. They result in a steady rise in blood sugar and insulin levels.

OLINDA Rice contains more bran in its rice grains. Bran is an excellent source of nutrients such as flavonoids and anti-oxidants.
