# GOURMET RANGE

Gourmet tea is like a symphony of taste. When you drink it, a variety of different flavors mingle on your tongue, blending together like individual instruments in an orchestra. There are the natural flavors that arise from the tea leaves: Sweetness, Bitterness, Astringency, Unami, Acidity and Aromatic fragrances. Then there are the artificial flavors that arise from the tea processes and surrounding environment.

# WELLNESS TEA

It strengthens the immune system and has an anti-inflammatory property. Tea is the best source to ease digestion issues and control blood sugar levels. Other health benefits include improving the skin, cleansing the heart, and boosting energy levels in an individual.

# CLASSIC FUN TEAS

As the name suggests, fruity teas are flavored with different kinds of fruit! Many of our fruity teas contain real fruit pieces, for an especially flavorful, fruit-forward blend. Common fruity tea flavors include Lemon, Orange, Strawberry, Peach, and more.
