HERBAL TEA

Hibiscus

Hibiscus, a well known traditional medicine which range from its potent antioxidants to its ability to lower blood pressure. It's a herbal infusion made from the dried, vibrantly coloured calyces of the hibiscus flower, served hot or chilled and enjoyed by many people around the world. Hibiscus tea is said to be very good for health and supports the age-old wisdom as a fragrant, tart beverage.

Camomile

Camomile has been used for centuries for it's calming effects on the nervous system. It is said to bring relief from gastro intestinal disorders when the freshly prepared infusion is consumed 3-4 times daily.

Peppermint

This peppermint infusion is nothing short of a blast of refreshment – when you need it the most! Made with the choicest peppermint, a cup of this herbal tea is sure to revive you from within.

Rosehips

The seed pod of a wild rose plant, Rosehips has been used to treat indigestion, arthritis, colds and the flu. Rosehips tea is a herbal infusion which is rich in vitamin C and flavonoids and are known for its antioxidant effect in providing a myriad of health benefits.

Rosehips & Hibiscus

This soothingly pleasant beverage is said to have been a vital part of the ancient folk medicine to bring relief from colds, chills & other influenza type infections.
