# VIBRA

A JOINT VENTURE  Tyson

Led by a family group, we have come a long way in terms of **tradition**, **innovation** and **expertise** in poultry production to become one of the leading producers in Brazil.

**Full traceability, quality commitment** and **guarantee of origin** provide reliability and quality for your business according to the most advanced quality standards in the world. That results from our culture of excellence and the rigorous monitoring of our processes.

In 2018, we expanded our capacity to innovate by opening our own Innovation Center (CIV) in our headquarters located in Montenegro (RS). We gained agility to develop and test new products and processes.

We are one of the only Brazilian companies in the segment with **a complete production chain from farm to table**. Vibra's integrated production system is strategically distributed in three Brazilian states, comprising farms, hatcheries, laboratory, feed factories, slaughterhouses, and an international business unit in Dubai.

The portfolio of our brands Nat, Avia, and Vibra Ingredients offers a broad mix of products to the most demanding markets worldwide.

## ESG Practices

All our initiatives are concerned with sustainability, with practices that contribute to reducing environmental impact and increasing benefits for society.

- ✓ 100% of our packages are recyclables;
- ✓ 100% of our industrial waste is treated;
- ✓ 98% of our energy sources are renewable;
- ✓ 100% of the steam that generates energy for our production comes from reforestation.

# NATURALLY HEALTHY CHICKEN

For Nat, it is natural to produce food responsibly and sustainably, with the guarantee of origin, food safety, and quality.

Over 50 years of tradition in chicken and attention to every detail from the farm to the consumer's table make our products a natural choice.

Nat has a complete line of chicken products that are naturally healthy, naturally tasty and, naturally well-prepared.

- ✓ Products for food service, retail, and industry
- ✓ Guarantee of origin, food safety and quality
- ✓ Products inspected and hand-selected
- ✓ No hormones
- ✓ No preservatives
- ✓ Freshly frozen
- ✓ Halal
- ✓ Fully integrated production chain
- ✓ Commitment to ESG practices
- ✓ Assurance of animal welfare

حلال  
HALAL

FRESHLY  
FROZEN

Our quality control practices are present all over the production chain.

We follow all national and international rules and legislations.

All our team act in accordance with animal welfare practices.

Our products have guarantee of origin, with traceability and total control of the production chain, ensuring excellence from farm to table.

Our chickens receive a diet based on noble cereals and grains like corn and soy.

The entire production is verified by the Federal Inspection Service (SIF) of the Ministry of Agriculture of Brazil.
