FINE FOODS

AUTHENTIC ITALIAN FOOD
MADE AFFORDABLE
FOR EVERYBODY

Erregi s.r.l. was founded in 1996 with tens of years of experience in the Italian agro-industrial field that, thanks to our favorable weather conditions, offers a **unique range of foods considered the princes of the Mediterranean diet** with a considerable variety different from region to region and famous in all the world.

The peculiarity of our Italian foods that make them unique is born from a **combination of tradition, culture, long history, and ancient experiences and secrets handed over centuries**, giving our pasta, preserved vegetables, vegetable oils, wines, and hundreds of other products the typical fragrance and taste of our fields, hills, and seas not comparable with the plenty of imitated items produced in different countries and described with our same Italian name that is often the only attribute in common.

Our activity is fully oriented to **export a wide range of Italian food products** even in most remote corners of the world.

We produce tens of products under our brands with packages suitable for consumer, catering, and industrial use.
