

EXIM AGRO

*Fruits and vegetables.
Fresh and dried!*

EXIM AGRO is a consortium of several companies located in the regions of the Republic of Uzbekistan whose locations help to grow fresh fruits and vegetables mostly demanded for export.

Your benefits in partnering with us

Fruit and vegetables **fresh** picked from the fields

Fruits and vegetables from supplier to the **largest retail chains** in Russia Magnit (more than 16 000 stores) and X5 Retail group (more than 20 000 Perekrestok, Pyaterochka stores).

Experience in export deliveries to **Germany, UAE, Belarus and Ukraine.**

You will be served by the company recognized as the **"Best exporter of Uzbekistan"** in 2016.

All **necessary certificates** required for export are supported.

Qualified, experienced team with multi language support and skills maintains export partnership on best level.
