

Euro Company is an Italian company located in the heart of Italy, in Emilia Romagna. For **more than 40 years** we have been selecting and marketing the best quality nuts, offering it to our consumers in the most natural way possible.

Why do we do this? Because we have chosen to put the well-being and respect of people at the center of our actions.

In pursuing our mission, we are guided by the concept of **Ethical Quality**:

- direct relations with growers, without intermediaries;
- guaranteed minimum income, regardless of the market;
- long-term relations with suppliers and sharing of technology, know-how and resources, including economic ones.

In 2018 we became a Benefit Society and in 2019 we obtained **B Corp certification**, becoming part of a global movement committed to an inclusive, equitable and regenerative paradigm.

We are proud to produce all our creams here in Italy, in our own factory. we roast and grind the best materials with care, trying to favour Italian suppliers, especially those from areas with a historical vocation for this production, such as hazelnuts from Lazio and almonds from Sicily. Our passion for quality and attention to detail **10** form the basis of each of our spreads.

Our 100% Pure Cremas were born from our culture about nuts and from the Italian cooking tradition.

100%
PURE NUT CREMAS

4 reasons that make them special!

1) Pure and genuine:

Made with only 1 ingredient!

2) Best quality raw materials:

We carefully select our suppliers with whom we have a long time relationship.

3) Italian Expertise:

Created by expert Italian artisans who have been dealing with nuts and its processing since long time.

4) Nutrition facts:

Great source of protein and healthy fats, depending on the nuts variety.
