fiamma
vesuviana

experienced italian food

La Fiamma Vesuviana Srl nasce nel 1959 dalla trasformazione della precedente ditta Conserve Ambrosio nata nel 1924. Da oltre 80 anni la passione della famiglia Ambrosio, che da tre generazioni si alterna al timone dell'Azienda, ha reso la FV srl una delle aziende con più esperienza e solidità nel campo delle conserve alimentari.

La Fv Srl è sita ad Ottaviano alle falde del vulcano Vesuvio - da dove poi ha preso il nome, Fiamma del Vesuvio - a pochi chilometri da Napoli, sud della penisola italiana.

La Fv srl oltre ad occuparsi della produzione di conserve alimentari e vegetali è da tempo nel campo della lavorazione della pasta di semola di grano duro nonché dell'imbottigliamento di oli di oliva e di semi e nella distribuzione a marchio di aceti di vino e balsamico. Grazie alla varietà di prodotti tipici della Dieta Mediterranea la Fv Srl è capace di fornire ai propri clienti un assortimento completo, che va incontro alle esigenze non solo degli stessi ma anche dei nuovi mercati dove lo sviluppo dei prodotti alimentari italiani e di qualità va sempre più rafforzandosi.

Tutti i prodotti seguono un sistema di selezione delle materie prime e vengono lavorati in accordo con le severe regole della certificazione UNI EN ISO 22000 ed Haccp. Tutta la gamma è disponibile anche per carichi consolidati.

Inoltre grazie alla sua posizione geografica, al centro tra i porti di Napoli e Salerno e dell'Interporto di Nola, le permette di ricercare sempre la migliore soluzione per le esigenze della ns. clientela.

La FV Srl è infatti una società che da anni opera principalmente sui mercati esteri. Attualmente esporta oltre l' 85% delle proprie produzioni in più di 75 paesi nel mondo e siamo orgogliosi di essere un punto di riferimento per la qualità dei prodotti.

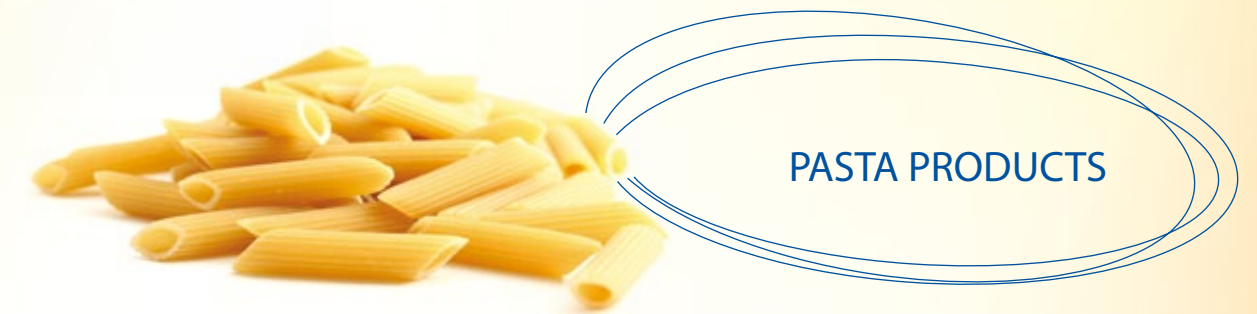

Our company was founded in 1924 as Conserve Ambrosio by the Ambrosio family and officially became Fiamma Vesuviana Srl in 1959. The passion of the Ambrosio's family, at the head of the company for 3 generations and for over 80 years, has lead the FV Srl to be one of the most experienced and financially stable supplier in the field of preserved food. FV Srl is based in the south of Italy. It is headquartered near Naples in the town of Ottaviano at the bottom of the volcano Vesuvio - from which it takes its name: "Vesuvius' Flame" -

In addition to producing canned vegetables, the Fv srl has also been involved in the production of pasta made from 100% durum wheat semolina and it is also known for its olive and vegetables oils as well as wine and balsamic vinegars. Through the large variety of its products, typical of the Mediterranean diet, the FV srl meets the needs of the most exigent customers, as well as the high standards of emerging markets, where the presence of Italian quality food is reinforcing day by day.

Products follow a proved system of selection of raw materials and are manufactured according to the severe rules of UNI EN ISO 22000 and Haccp certificates. They are also available to be consolidated in one order.

Moreover, thanks to its geographical position, between the ports of Naples and Salerno and close to the Nola Interport, FV Srl can always provide efficient solutions for supplying and shipping.

In fact, FV srl is an export oriented Company. Currently FV Srl exports over 85% of its productions in more than 75 countries over the globe and we are proud to be one of the reliable supplier of Italian quality food.
