

Homeland hives are in a remote part of New Zealand & not exposed to chemicals

HOMELAND

NEW ZEALAND

MĀNUKA HONEY

عسل مانوكا النيوزيلندي

Homeland honey comes from the most wild and remote parts of the North Island of New Zealand, therefore our hives are not exposed to any sprays, pesticides, and insecticides – only Mother Nature. Honey is direct from NZ beekeepers.

Mānuka honey benefits

The use of Mānuka honey dates back at least 1000 years, when it was traditionally used by Māori, aiding coughs, colds, digestion, immune system support, and for treating burns and wounds. Today it continues to be recognised worldwide for its anti-bacterial, anti-inflammatory healing properties.

Homeland founders are part of a 100 year old family business, producing high quality food through the generations.

Innovation

Combining ancient medicinal superpowers

At Homeland we constantly strive to improve our product offering, making the most of our incredible natural resource, premium Mānuka Honey. We have just launched a range of Multifloral Mānuka Honeys infused with potent medicinal ingredients such as Deer Velvet and Black Seed. We also offer New Zealand Deer Velvet capsules, rich in minerals, amino acids and collagen.

Homeland honey is proudly brought to you by 24 ROYAL BLOOM, based in Dubai, UAE.
