

Clearspring

Organic Gluten Free Noodles Black Rice Noodles & Brown Rice Vermicelli

Pad Thai | Soup | Salad

Black Rice Noodles: What are they?

Clearspring Organic Gluten Free Black Rice Noodles are made using the finest quality wholegrain brown and black rice. Black rice is an ancient grain renowned for its delicate nutty flavour. It gives these noodles a firm texture and a beautiful and unique deep colour.

Our Black Rice Noodles are incredibly versatile and are ready in just 3 minutes. Alongside the delicious flavour, the dark colour adds a beautiful contrast to your meals when paired with vibrant vegetables in Pad Thais, Asian soups and noodle salads. They are gluten free, organic, plant-based, a great source of fibre and considered a more nutritious alternative to conventional white rice varieties.

Black Rice Noodles: How are they made?

Our Organic Black Rice Noodles are made in Thailand by our expert family producer, using only the finest quality wholegrain brown and black rice sourced from local organic farmers. The rice grains are finely milled and blended into a noodle dough before being baked, cut and slowly air-dried. This process gives our Organic Black Rice Noodles a robust texture and delicate nutty flavour. Simply soak them in boiled water for 3 minutes, and they are ready to use.

100% Brown Rice Vermicelli: What is it?

Vermicelli is a thin variety of rice noodle, which is popular in many parts of the world including the Middle East, Africa and right across Asia. In Southeast Asian cuisine, it has been enjoyed as a staple for centuries. It is great at absorbing flavours and ready to use in just 3 minutes. Enjoy in Asian soups, stir-fries and even vermicelli puddings. It is plant-based, salt free and 100% wholegrain.

100% Brown Rice Vermicelli: How is it made?

Our Vermicelli is made in Thailand by a family-producer using only the finest quality organic brown rice, instead of the more commonly used white rice, which gives our noodles a firmer texture and delicate nutty flavour. The rice is finely milled, sieved, steamed and aged before being cut into thin noodle strands. Clearspring Organic Vermicelli is cut shorter than those most commonly available, making it easier to prepare and enjoy.
