Computer Applications, Education, Architecture, Law,
Hotel Management, and Humanities & Sciences,
Arts & Commerce.

EXCELLENCE AT EVERY TURN

The Ministry of Human Resources Development (MHRD), Govt. of India has granted Dr. M.G.R. Educational and Research Institute, Deemed to be University the prestigious Graded Autonomy Status. The University is accredited by NAAC and accorded with "A+" Grade (3.48 out of 4) rating by the National Assessment and Accreditation Council (NAAC), an autonomous body under the UGC. Our University Departments have been accredited by National Board of Accreditation (NBA), New Delhi & some of them are internationally accredited by the world famous Accreditation Board for Engineering and Technology, Inc. (ABET). In National Institutional Ranking Framework of Govt. of India (NIRF) our University is ranked 92nd under University Category, 25th Ranking under Dental Category and 28th Ranking under Architecture Category.

92nd University

25th Dental

28th Architecture

Our Deemed to be University was categorized as 'Band A' institution (rank 06-25) in category of 'University & Deemed to be University (Private-Self Financed)' in Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2020.

We are proud to announce that ours is the first and only University in India which has achieved QMS accreditation of ISO 21001 : 2018 TUV, Germany. Our constituent unit Rajarajeswari Medical College and Hospital, Bengaluru and A.C.S. Medical College and Hospital, Chennai have been accredited by NABH (National Accreditation Board for Hospitals) for the quality maintenance of our Hospitals. Dr. M.G.R. Educational and Research Institute has a clear hold on the future and is focused on training students to develop high academic & technical competencies, to learn industry relevant skills, inculcate crucial life skills for holistic development, and be job creators than job seekers.

CENTER FOR ONLINE PROGRAMS

Dr. MGR Educational and Research Institute, Deemed to be University offers the best quality UGC approved Online Degree Programs from July 2021. July 2024 is our 7th batch.

The motto of our Online Programs is "Admission to Degree - Everything Online".

The whole process is seamlessly managed through our portal **onlineprograms.drmgrdu.ac.in** with a designated "Dr. MGR Centre for Online Programs" coordinating the whole process.

We are driven by our mission to deliver uninterrupted and high-quality education to students and professionals from all walks of life so that our students excel in their careers.

UGC

University Grants Commission

Online Degree Programs

Batch since 2021

We launched online degree programs to ensure enhanced access to best-quality higher education and also provide today's learners the freedom and flexibility to learn at their own pace and on their own schedule. We are excited about the new era of e-learning and are confident that such online courses will allow aspirants to learn while they earn. With these online courses we aim to ensure that students get the same quality of education via online mode as they get in conventional mode through seamless technology enabled platforms & a dedicated academic team.

FOUNDER CHANCELLOR'S DESK

The concept of education has changed radically within the last few years. The traditional mode of teaching & learning where the student needs to be physically present in classroom is not the only learning option available for the students. We have entered a new era of learning — the era of online education, education whenever and wherever we want, the only requirement being that we are able to get online. The phenomenal rise & spread of the internet, development of new technologies and great strides in the education technology sector has enabled access to quality online education with unique flexibility that enables the students to set their own learning pace. An online educational platform allows the option of 'learn while you earn' which allows better balance of work and education so that there is no need to give anything up for getting a Degree. In our University we offer an excellent online educational platform, our virtual classroom that is available anywhere where there is an internet connection. Excellent teachers, refreshed curriculum and effective tools will ensure students stay involved and engaged in the learning process. The learners are in control of what they are learning and when they are learning.

If you want flexibility and the option of keeping your job while you are getting a degree, online education in our University is a great choice. With interactive lessons and by implementing high-tech solutions we motivate students and help in improving their learning outcomes. It gives me immense pleasure to welcome the students of the Online Degree Program of Dr. MGR Educational & Research Institute and we assure them an enriching and transformative experience in their educational journey.

Dr. A.C. SHANMUGAM
B.A., B.L., Ex. M.P., Ex. M.L.A.

PRESIDENT'S DESK

Er. A.C.S. ARUN KUMAR

B.Tech (Hons), LMISTE, MIET.,(UK),
LMCSI

Technological advancement has made education easy and approachable. The technological innovation in teaching and learning process along with speedy changes in mode of delivery has created a paradigm shift in education sector. Online learning offers an opportunity to learn from anywhere, anytime. E-learning offers several advantages over traditional education, including greater accessibility regardless of location, resource scalability, improved academic results, self-paced learning, and cost-effectiveness. Dr. MGR Educational & Research Institute offers a wide selection of UGC recognised degree programs through the online mode. The student gets online access to E tutorials through videos – live lectures as well as recorded, Power Point Presentations, teaching of complex concepts through animation & gaming, Case studies, E Quiz, Books through our E Library, & other E resources. Faculty can also integrate other formats like discussion forum to improve their learning outcome. All the content is available at any moment from anywhere, providing you a dynamic and tailor-made education. The Examinations are AI enabled, proctored exams and do not require a physical presence in an Exam Centre. We are excited about the new era of e-learning and are confident that such online courses will allow aspirants to learn while they work along with getting a Degree from one of the top Universities of the country. I convey my heartfelt wishes to all of you for great success in all your endeavours.

VICE CHANCELLOR'S DESK

Prof. Dr. S.GEETHALAKSHMI

M.B.B.S, M.D., Ph.D., F.M.M.C., F.I.A.T.P.,
F.I.I.O.P.M., (UK), F.A.C.H.S.M. (AUS)

In today's fast-paced world, where knowledge is a key driver of success, we recognize that traditional barriers to education must be dismantled. Our Centre for Online Programs has been established with the vision of breaking down these barriers and providing a world-class education to anyone, anywhere. We take immense pride in our distinguished faculty who are leaders in their respective fields. Through innovative teaching methods, personalized guidance, and interactive digital platforms they will empower you to excel academically and professionally. Our curriculum is designed to foster critical thinking, problem-solving skills, and adaptability – qualities that are vital in today's ever-changing world. “Dr. MGR Learning Management System” based on cutting edge technology is user friendly, accessible through desktop and mobile phones, integrated with video conferencing tool (online webinar) enabling 2-way interaction between faculty and the students. Moreover, we are committed to creating a vibrant online community. You will have the opportunity to collaborate with peers from diverse backgrounds, exchange ideas, and build lasting connections that extend beyond the virtual classroom. Our support services, including academic advising, career counselling, and a plethora of resources are designed to ensure success. I wish all the students of Online Program a wonderful future.

DIRECTOR'S DESK

Dr. MALINI PANDE

Ph.D Economics (International Finance - World Bank),
PG Dip. in Econometrics, UGC NET JRF, PG Gold Medalist

Dr. MGR Educational and Research Institute, Deemed to be University, accredited by NAAC with 'A+' grade & 'Graded Autonomy Status' offers the best quality UGC approved Online Degree Programmes from July 2021. The whole process is seamlessly managed through our own Learning Management System with a designated “Dr. MGR Centre for Online Programs” coordinating the process. We are driven by our mission to deliver high-quality education to students and professionals from all walks of life so that they excel in their careers. We launched online degree programs to ensure enhanced access to best-quality higher education and also provide today's learners the freedom and flexibility to learn at their own pace and on their own schedule. Each course at Dr. MGR Educational and Research Institute is designed keeping the on-going needs of the learners and professionals in mind. These courses enable learners to grasp the fundamentals through live online interactive sessions, discussion forums, mock tests and structured recorded tutorials delivered by experienced and qualified faculty of the University. We follow a four quadrant approach to learning, ensuring learning anytime, anywhere: E Tutorial – live & recorded videos, E Content, E Assessment, & Discussion Forum. We thank the students for reposing their trust on us and wish them the very best for a great future.

To impart high quality online learning opportunities to aspiring learners with Tailor-made, engaging and interactive modules supported by a Transformative Innovative Instructional Technology for next generation learners and shaping future leaders towards becoming effective National and Global citizens.

Provide world-class online teaching learning platform for contemporary knowledge delivery.

Digital learning through innovation driven instructional technology.

Flexible support services for aspiring learners in the global community.

Creative problem solving through higher order thinking skills.

Hybrid and web enhanced classes through non-traditional delivery modes.

Continuous Improvement of Quality through an empowered learning community.

Meet your batchmates' 1.0

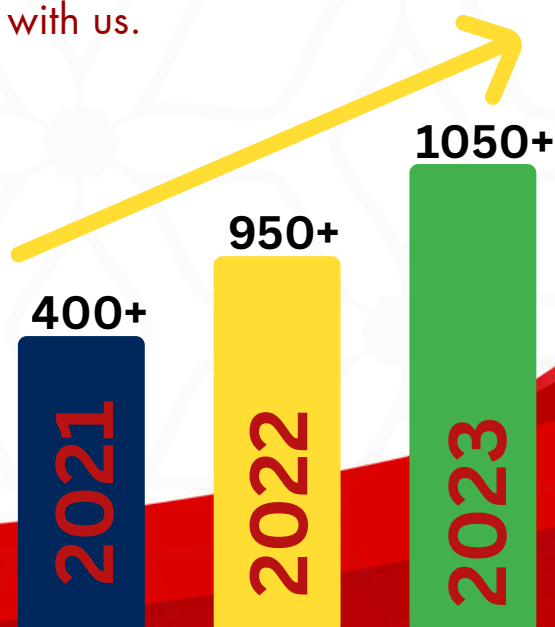

Meet your batchmates' 2.0

EVOLUTION OF ONLINE PROGRAMS AT DR.M.G.R. EDUCATIONAL AND RESEARCH INSTITUTE

Dr. M.G.R. Engineering College and Thai Moogambigai Dental College were started in the year 1988 and 1991 respectively. Both the colleges acquired Deemed to be University status in 2003 as Dr. M.G.R. Educational and Research Institute as per the orders of the University Grants Commission, New Delhi and the Union Ministry of Human Resources and Development, Government of India. Dr. MGR Educational & Research Institute, Deemed to be University got UGC approval for offering 13 Online Degree Programs in June 2021 based on A+ NAAC grade (CGPA 3.48 on a four point scale). We set up a "Centre for Online Programs" with a Director, Dean, Head, Deputy Heads, and other office staff for facilitating the administrative tasks. We started our first batch in July 2021 with a batch size of approx. 400 students and our second batch in January 2022 as per the guidelines of UGC. Since then we have evolved and grown in stature with the numbers and geographical reach increasing at a steady pace. We have good student diversity with students from all across India and also from across the borders studying with us.

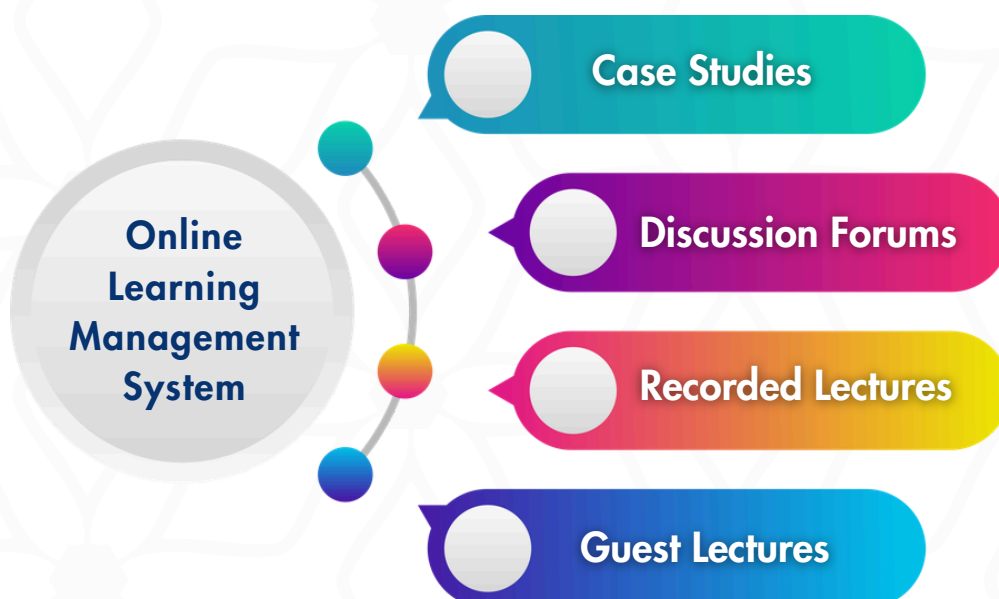

As we expanded and moved up the learning curve we developed our technology and Learning Management System making it more efficient, interactive, and with better learning resources for the student community. Our faculty resources also increased with greater number of qualified and technologically competent faculty associated with us. The Online Programs started with UGC recognised Degree Programs as our flagship offering but gradually we diversified into new categories. Currently we offer foreign language classes, and skill based value add courses to improve the profile of the learners. Besides this, we invite industry practitioners to deliver Guest Lectures on various current & relevant topics. Innovative offline programs like "Meet Your Batch Mates" to foster a sense of community among the students, unique initiative of starting a Student Magazine called "Fly High" and a student driven CSR Club called "Fusion of Friends" are the other initiatives of the University. We have also started providing placement training and support for our students. The July 2023 is our fifth batch. Overall, reaching the fifth batch of students is a significant milestone for us. As of today our total student strength has crossed 2000. Dr. MGR University Online Programs are dedicated towards creating a transformative learning experience through a technologically superior Learning Management System that has flexibility and accessibility with a strong focus on quality and innovation. Hope we keep up this beautiful journey of evolution and growth!

UNIQUE SELLING PROPOSITIONS

- “Dr. MGR Online Learning Management System” based on cutting edge technology is user friendly, accessible through desktop and mobile phones, integrated with video conferencing tool (online webinar) enabling 2-way interaction between faculty and the students.

ONLINE PROGRAMS - STEP BY STEP PROCESS

Here's a step-by-step process for achieving your degree through online mode.

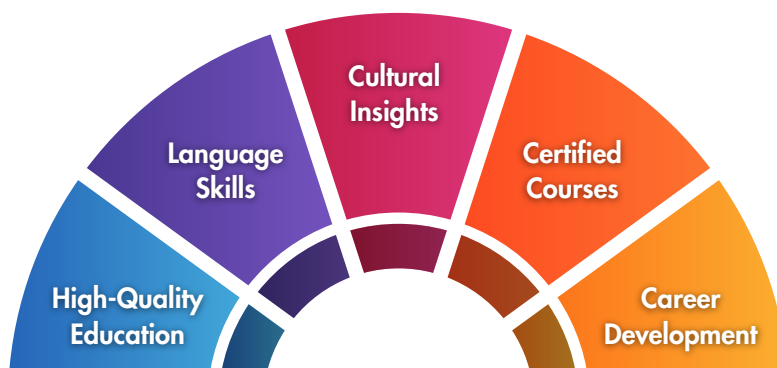

FOREIGN LANGUAGES

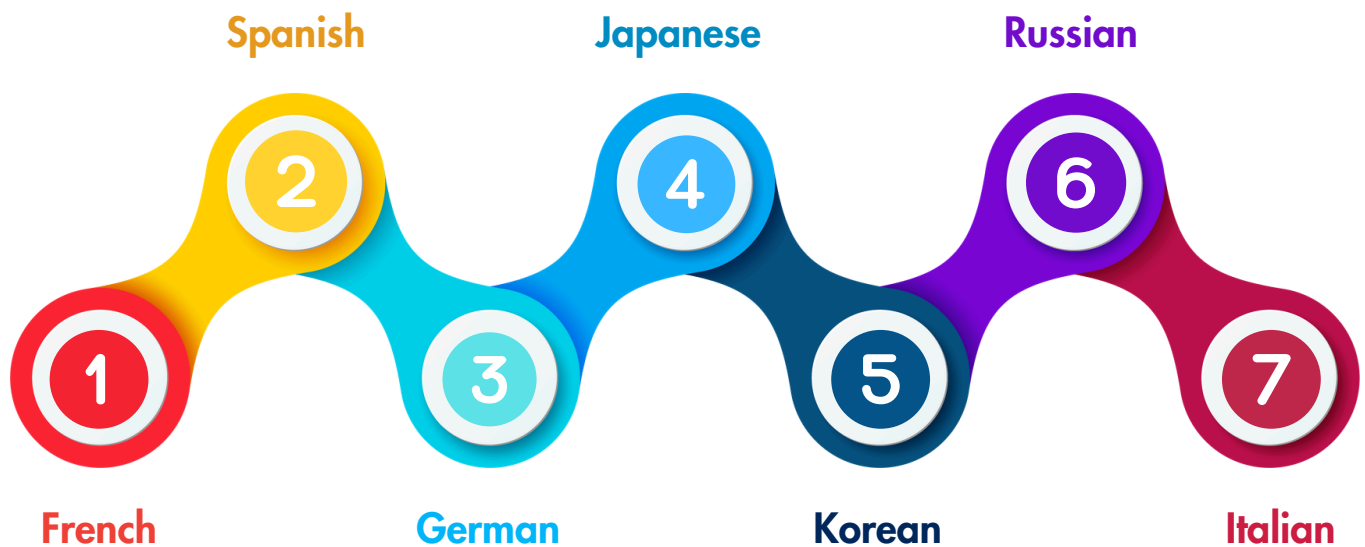

"Unlock Global Opportunities with Certified Foreign Language Proficiency"

In an increasingly interconnected world, the ability to communicate across borders is not just an asset but a necessity. Our certified foreign language programs offer you the key to unlock a world of opportunities, both personally and professionally. Our foreign language certification courses are designed to empower learners with valuable language skills, cultural insights, and the ability to communicate effectively in a globalized world. In today's globalized world, many businesses and organizations operate internationally. Proficiency in a foreign language can significantly boost your employability, opening up job opportunities that require bilingual or multilingual skills. It can also be an asset in fields like international business, diplomacy, tourism, translation, and more. Acquiring a new language challenges you to step out of your comfort zone, fostering career development, enhanced opportunities, personal growth, intercultural competence, and expanded horizons. Whether you're looking to enhance your career prospects, communicate with a broader range of people, or simply enrich your life, the importance of learning a foreign language cannot be overstated. We are committed to providing high-quality language education that opens doors to new opportunities and experiences.

The Center for Online Programs offers the following foreign languages through online mode:

Our language programs are meticulously designed to cover all aspects of language learning, from conversation and comprehension to writing and grammar. Our instructors are experienced in language training and dedicated to your success. They use proven teaching methodologies to ensure you master the language effectively. We offer flexible class schedules so that you can learn at a pace that works for you. Upon course completion, you will receive a recognized certification that validates your language skills and enhances your credibility in various professional and academic arenas.

Don't miss out on the advantages of certified foreign language proficiency. Join our program today and embark on a transformative journey toward global communication, cultural understanding, and limitless opportunities.

REGISTRATION / ADMISSION PROCESS

AWARDS

KATRAL AWARDS

It is our proud moment that we received an award for the best education institution for imparting online education. This is a significant achievement that reflects your dedication to provide high quality online learning experience. Such recognition typically acknowledge our institution's commitment to innovation, effective teaching methods, and the use of technology to enhance education. Receiving such an award can bring several benefits, including increased visibility and credibility within the education industry. It is an excellent opportunity to adapt to the changing landscape of education, especially in light of the increased demand for online learning opportunities.

DEEKSHARAMBH – STUDENT INDUCTION PROGRAM

"Deeksharambh" is a term often associated with the initiation or commencement of a new phase or journey, particularly in the context of education in India. It is a Sanskrit word where "Deeksha" means initiation or consecration, and "Aarambh" means beginning or commencement. In the context of education, "Deeksharambh" typically refers to the formal start or initiation of a student's academic journey, especially in higher education institutions.

Dr. MGR Online Programs organizes "Deeksharambh" as the 7 days orientation / Induction programs for first year students. It is conducted for all the batches , so far we have conducted 5 Deeksharambh programs from July 2021 batch.

The 7 days program enlightens the students with the following areas:

- Familiarization about the University.
- Familiarization about the Program.
- Familiarization about the LMS.
- Meet the Student Buddies (Interaction with Senior Students).
- Session with academician – about specialization, Summer project and Internship.
- Session with Industrial expert.
- About the AI Proctored Examination.
- Session on Human Values.

TESTIMONIAL

VIDYA.V

Technical Project Manager, Maveric Systems Limited.

"I come from a B.Tech IT background with 13+ years of experience in the IT industry, and I recently made a significant decision to pursue an MBA Information Systems Management at MGR University. This was a pivotal point in my career, and I'd like to share my experiences with you.

One of the most compelling aspects of the MBA Online Program at MGR University is its flexibility, particularly the online mode. As a professional with years of experience, it's crucial for me to balance my personal and work life with my academic pursuits. This online program has made that balance achievable, allowing me to continue advancing in my career while furthering my education. Their support and insights were invaluable and made my transition into the MBA program seamless. It's these mentors who embody the commitment to student success that defines MGR University."

DR. NAVEEN GUPTA

Director, Ministry of Health, Chennai

Faculty and University created a nice system to connect with all students and address their issues in timely fashion and issued circulars and time tables well in advance. Faculty and students interaction in every class was cordial and encouraged, with lot of students participation. Most of the Faculty members were best in class and took sessions with involvement and hard work and were non-judgemental for students from various backgrounds and various parts of country. Looking ahead, I'm excited about how completing this program will benefit my career. The knowledge I've gained from the faculty, who are experts in their respective fields, has been nothing short of exceptional. The flexibility of the program would definitely allow me to immediately apply what I've learned in my day-to-day work, making it incredibly practical. In summary, my experience at MGR University has been nothing short of transformative."

DR. BHAVNA

Alumni of MBA – Hospital & Healthcare Management

As a graduate of Dr. MGR University's online MBA programme, I can say that the experience was truly enriching and fulfilling. One of the most significant benefits of Dr. MGR University's online MBA programme is the flexibility it provides. The programme is designed to allow students to work at their own pace and convenience to complete the coursework. This is especially useful for working professionals like myself who have hectic schedules and are unable to commit to traditional on-campus classes. The online format also allows me to study from anywhere, at any time, and has allowed me to keep working while pursuing my degree. The faculty members are extremely knowledgeable and experienced in their fields, and they have been extremely supportive throughout my journey.

TESTIMONIAL

P. S. DINESH KUMAR

Manager, ZF Wind Power Coimbatore PVT LTD

For developing the online higher education platform that is more beneficial to working professionals, I am grateful to Dr. MGR University. The curriculum is excellent, and the weekend classes are handled well. The interaction sessions for each session are also carried out in a healthy manner. Support for the students is greatly appreciated. Physical books would be preferable so that we could refer to them whenever it was more convenient for us. The courses and assignments were finished on schedule. Pride in being a part of the MGR University family. Continually offer your services

KARTHIK KANDASWAMY

Parts Quality - Senior Engineer, PCA Automobiles Stellantis

To enhance my career growth and professional skills, I looked for higher education and possibly a management degree which would help me put together business decisions and comprehend how to go forward in the future augmentation of the company I work with. While looking for it, I came across an online degree at Dr. MGR Research and Educational Institute which I felt to be persuasive, and effective. Dr. MGR's Online Programs is Integrated learning program with which I can go forth without any lacking in my personal and professional obligations. This online degree provided an immense amount of flexibility and compliance that gave me the comfort of learning at the weekends along with my professional commitments. There was also added support by equipping with recorded lectures.

G. CHANDRASEKAR

Business Head – SynerG Division (Sales & Marketing)

I belong to the proud 1st batch of MBA online, I really thank and appreciate Dr MGR Educational and research institute and University for the initiative of launching MBA through online. I tried to complete my MBA before however due to my hectic work schedule I could not complete, today I am very happy and proud that I have completed MBA with the help of Dr MGR Educational and Research institute and University. The Launch of Online helped me immensely. I once again thank Chairman Thiru. AC Shanmugam, President Mr VR ACS Arunkumar and entire management of Dr MGR Educational and research Instituted and finally big thanks to all the teachers and management of MBA online

JHANSI. T

Nurse Specialist - ABHA Maternity and Children's Hospital, Saudi Arabia

I wanted to express my heartfelt gratitude for the incredible journey I've had while completing MBA through Dr. M.G.R's Online Programs. I am very thankful for the faculty and Management who had given opportunity to study and complete my Degree Program. Completing this course has been an enlightening and enriching experience for me.

ONLINE EDUCATION: A NEW PARADIGM IN LEARNING

The significant issue related to education is the recent paradigm shift in learning and transformation in the education space with technology driven tools and pedagogy becoming crucial. The concept of traditional education has changed radically within the last couple of years and there has been a major shift towards online learning. Listed below are some of the advantages of online learning:

Flexibility

The main advantage of asynchronous online learning is flexibility. It allows students to participate in high quality learning situations when distance and schedule makes learning through traditional mode extremely challenging. Students can participate in classes from anywhere in the world provided they have a computer and internet connection.

Repeated access to course materials

Where a traditional lecturing leaves you at the mercy of your best note-taking skills, video presentations can be watched and revisited as necessary.

Reduced Costs

Not having to commute to campus can help you save on transportation costs and using virtual resources means less money spent on textbooks and course materials.

Increased Course Variety

Online Education has an advantage in terms of providing a variety of education options. Since institutions do not need a physical classroom to offer the Courses they can organise several courses even for small batches.

Career Advancement Opportunities

When one is learning through the online mode the person is master of his own schedule and can continue working while pursuing academic credentials.

Increased Collaboration

Online students have better opportunities to collaborate with classmates through virtual group work and meetings. With the right technology, messaging, and grouping tools students can connect with their peers, respond to their classmates and post their feedback on readings and other assignments.

Personalized Education

Working from your own choice of environment with self-paced learning gives the learner a more personalized learning experience. Students can choose the time that works best for them to complete readings and assignments.

Immediate feedback

Integrating coursework with technology provides the advantage of receiving immediate feedback from Professors on uploaded assignments.

We can state assertively that we are now entering a new era — the revolutionary era of online education which offers tremendous opportunities both for learners & educators.
