HE-H3LED

NEW! MPS-DSPX-RC1
PLUGS DIRECTLY INTO POLARIS® RIDE COMMAND®
WATER-RESISTANT 10-CHANNEL DSP

► **FITS POLARIS® RIDE COMMAND®**

- + Housed in a water-resistant case
- + Harnesses have a rubber boot that snap into the housing
- + Designed for Polaris® Ride Command® applications
- + Pre-wired input harness for AMP1, AMP2, and AMP3 of factory Ride Command®
- + 31-band graphic EQ
- + Selectable high and low level inputs
- + Each channel has independent two-way/three-way crossovers in-line with the EQ and can be delayed independently up to 10ms
- + Easy behind the Ride Command® installation
- + Clipping detection and limiting circuits
- + Bass knob included
- + Settings adjusted via Bluetooth® in a smart device application (tablet or mobile phone), compatible with both Android™ and iOS® devices
- + Read, write and store your configuration for future recall
- + Password protect feature available in the mobile app
- + Micro “B” USB updatable

MPS-RCLOC
AUDIO
ADAPTER

► **FITS POLARIS®**

- + Audio adapter to use with Polaris® Ride Command®
- + Designed for RZR, Ranger and General with Ride Command® 7” display
- + Retains factory Polaris® Ride Command® as source unit
- + Utilizes built-in crossovers from Ride Command®
- + Harness plugs in to any amp with RCA inputs
- + Works on AMP-1, AMP-2, AMP-3 Ride Command® connectors
- + Includes remote-out to turn on amplifiers

FITS POLARIS® RIDE COMMAND®

NEW! MPS-POLCAM-F
PLUGS INTO FRONT OE HARNESS
FRONT CAMERA ADD-ON

► **FITS POLARIS® RIDE COMMAND® WITH 7” OR 4.3” INTERACTIVE DISPLAY**

- + Add front aftermarket camera to your factory Ride Command® display
- + Plugs into OE connector located in front grille RZR GEN of vehicles with 7” or 4.3” Ride Command® screens
- + Flush mount camera included
- + .75” diameter
- + Wide viewing angle
- + Fully adjustable lens

NEW! MPS-POLCAM-R
PLUGS INTO RC SCREEN
REAR CAMERA ADD-ON

► **FITS POLARIS® RIDE COMMAND® WITH 7” OR 4.3” INTERACTIVE DISPLAY**

- + Add rear aftermarket camera to your factory Ride Command® display
- + Plugs into OE connector behind 7” or 4.3” Ride Command® screen
- + Works any universal iBEAM aftermarket camera

NEW! MPS-CSA
CARLING® STYLE SWITCH ADAPTER

► **FITS POLARIS®**

- + For use on Polaris® models with large switch openings
- + Adapts Carling® style switch openings to 1.45” x .830”
- + Sold individually

NEW! MPS-CSA5
CARLING® STYLE SWITCH ADAPTER 5 PACK

► **FITS POLARIS®**

- + For use on Polaris® models with large switch openings
- + Adapts Carling® style switch openings to 1.45” x .830”
- + Sold in a 5-pack

FITS CAN-AM MAVERICK X3

- + Micro "B" USB updatable

95-9999

DOUBLE-DIN RADIO KIT

► UNIVERSAL

- + ISO brackets molded to front plate
- + Cut to fit front plate

MPS-SBSMP3
WATER-RESISTANT BLUETOOTH® SPEAKER

▶ **UNIVERSAL**

- + Blue LED backlit 3" x 2" control panel with IP66 water-resistant rating
- + Built-in FM radio tuner with auto search and save
- + USB input to play MP3/WMA/WAV music with 1 amp device charging
- + Pair of 3" water-resistant speakers included, peak stereo output power: 2 x 20W
- + Suitable for DC 12V UTV, motorcycles and electric vehicles

NEW! MPS-CDUSB
CHARGING ONLY
DUAL USB INSERT

▶ **UNIVERSAL**

- + Water-tight covers
- + 2.1A each @ 5volts
- + Input 12/24V DC

MPS-35USBV
DIGITAL
VOLTMETER

▶ **DIGITAL**

- + Snap-in panel with 3.5/USB/voltmeter
- + Provides 2.1A 5-volt charging
- + Can be used with MPS-BTK
- + 3.5mm is pass through

MPS-BTK1
CONTROLLER
WITH BLUETOOTH®

▶ **UNIVERSAL OR DIRECT PLUG IN**

- + Fits industry standard opening: 1.45" x .83"
- + One knob does all control features: track/volume/power/source/play/pause/pairing (Patented)
- + Complete wireless connection via Bluetooth® 4.0
- + Play music from any media player with 3.5mm auxiliary output
- + Remembers paired devices and automatically reconnects in connected order when device is present
- + Built-in line driver for 3X voltage output
- + Universal RCA adapter included

UNIVERSAL AUDIO

Single-DIN radio opening

OH-DIN01

No radio opening

OH-UNI01

OH-UNI01/OH-DIN01
SINGLE-DIN
OVERHEAD CONSOLE

▶ **UNIVERSAL**

- + Easy install
- + Automotive/marine grade ABS with UV
- + Single-DIN opening or without for customized gauge mount
- + Water-resistant
- + Accommodates one radio device and two speakers
- + Paintable for custom install
- + OH-DIN01 has Single-DIN radio cut out

RGB CONTROLLERS AND LIGHTS

See page 31 for details

RGB-CB2 PROGRAMMABLE TRIGGERS RGB CONTROL BOX

▶ FOR RGB2-4KT

- + App controlled Android™ / IOS®
- + Wireless BLE control
- + 16 million color options
- + Group multiple devices
- + Camera color capture
- + Sync lighting to your music

MPS 700W SWITCH PANEL

Metra PowerSports introduces the latest 6-zone switch control box for powersports applications. This new controller offers two control options, Carling® style switch knockout and is app controlled. This IP67 water-resistant rating switch box features the latest MOSFET chips, which is designed for tough environment and applications at high switching frequencies.

NEW! MPS-SW6

6 ZONES

700 WATT 6-ZONE SWITCH PANEL

► UNIVERSAL

FEATURES

- + (2) control options
- + 6-button Carling® style switch
- + App controlled via Bluetooth®
- + Each zone independently controlled
- + Low EMI design

FEATURES CONTROLLED THROUGH THE APP

- + (2) strobe options, fast and double pulse patterns
- + Lighting can be synced with music
- + Adjustable brightness on each channel
- + Master On/Off switch

SPECS

- + Input Voltage: 12V
- + Power Handling: 700 Watts
- + Maximum Current: 60A
- + Control Box Material: ABS plastic
- + Operating Temperature: -40°F to 302°F
- + Switch Size: 1.45" x .83"
- + Control Box Size: 4.3" x 1.08"

PHONE NOT INCLUDED

- + Long life 5050 RGB LEDs
- + 20 preset static colors and more than 30 eye-catching patterns
- + Mount on any off-road vehicle: ATVs/UTVs, Jeeps, trucks, etc.
- + Easy to install/uninstall with quick release mounting base
- + Included orange flag and mounts for safety

SPECS:

- + Single SMD RGB LED with a fiber optic insert
- + Controlled by RF remote (included)
- + IP67 rating
- + Operating Voltage: 9-16 volts DC
- + Tube Length: 4ft (1.2m) - Material: Reinforced polycarbonate
- + LED Life: 50,000 hours
- + Base: Milled aluminum, black anodized, quick release design

ONE TOUGH BATTERY

Shuriken® offers batteries for powersports, motorcycle, ATV, marine and RV applications. These batteries are designed to fit all of the most popular applications based on today's BCI and JIS fitment standards. Perfect for replacing factory batteries in most powersports applications.

The power cells are extremely resistant to excessive heat and strong vibration. With super-low ESR and closely packed pure lead plates, each power cell packs a punch. Shuriken® power cells are designed to deliver the constant voltage needed for optimum performance. These batteries all use absorbed glass matte (AGM) technology and are fully charged, ready to use direct from the factory. They are non-spillable and maintenance free. Because of the AGM design, they can be discharged and recharged hundreds of times with a one-year replacement warranty.

TAPE

IB50530

PROTECTION PAINT TAPE

▶ EACH ▶ 14" X 220 YARDS

tesa® Bodyguard® 50530 PV3 is the best protection solution for freshly painted car bodies. Applied after the painting process, tesa® Bodyguard® 50530 PV3 provides reliable protection for painted surfaces susceptible to damage. Due to the good UV-resistance and perfect paint compatibility, tesa® Bodyguard® 50530 PV3 is the most reliable way to protect cars during the transportation process.

- + Reliable protection
- + Secure adhesion during transport
- + Cost savings as polishing or repair after demasking is eliminated
- + Paint protection during outdoor storage up to 12 months
- + Easy to apply and remove
- + Easy disposal - both the film and the adhesive system are environmentally friendly

IB51136

INTERIOR PROTECTION TAPE

▶ EACH ▶ 9.5" X 72 YARDS

tesa® 51136 is a self-adhesive polyethylene tape with an acrylic adhesive for masking large areas of plastic parts during professional painting processes. The color of the tape provides a good contrast to dark surfaces making for easier and faster positioning. Furthermore, tesa® 51136 is an interior protection tape for slightly structured surfaces. tesa® 51136 PV2 is a higher adhesion version for rough surfaces and carpets.

- + Masking during painting applications
- + Protection of various surfaces against dirt and damage

IB54118

WIRE HARNESS MOUNTING TAPE

▶ 1000 PIECES ▶ 2" X 4"

+ Cable mounting: For quick and secure fixation of flat and round cables with excellent damping properties. The product is also perfectly suitable for BSR applications

IB951618 3/8" X 82.5'

IB51618 3/4" X 82.5'

STANDARD INTERIOR HARNESS TAPE

▶ 16/SLV

Universal tape for wire harness bundling in the passenger compartment. It combines important features - such as noise damping, abrasion resistance and bundling strength - while keeping harnesses flexible supporting an easy harness assembly process at the OEM. Optimized for manual application. As PV10 solvent free available.

- + Flexible and smooth
- + Tear resistant
- + Stable unwind force

IB4965

TRANSPARENT DOUBLE SIDED TAPE

▶ EACH ▶ 12MIL X 80'

Double-sided tape with high shear and temperature resistance. tesa® 4965 is a flagship product with the tesa® portfolio! This product is comprised of a polyester backing coated on both side with a transparent modified acrylic adhesive.

- + Reliable bonding, even to low surface energy substrates
- + Very high bonding strength immediate right after assembly
- + Applicable for most the demanding applications those including heavy stress, high temperatures or critical substrates

12508-19

HARNESS WRAP

▶ EACH

EXTERIOR

52879-19

19MM X 25M

8/SLV

52879-9

9MM X 25M

16/SLV

- + High abrasion protection
- + High-temperature resistance, up to 302 degrees
- + Mainly used on exterior parts of the vehicle, including door panels, bumpers and engine bay

12508-9

INTERIOR

12508-19

19MM X 25M

8/SLV

12508-9

9MM X 25M

16/SLV

- + Spiral interior harnessing for visible serviceability of wire colors as they are bundled
- + Universal tape for wire harness wrapping in the interior compartment
- + Noise dampening with abrasion resistance
- + Bundling strength while keeping harnesses flexible

IB51608

PREMIUM INTERIOR HARNESS TAPE

▶ 8/SLV ▶ 3/4" X 82.5'

tesa® 51608 is the universal tape for wire harness bundling in the passenger compartment. It combines important features as noise dampening, abrasion resistance, and bundling strength while keeping harnesses flexible supporting an easy harness assembly process at the OEM. tesa® 51608 a PET fleece wire harness tape with a rubber based adhesive that is optimized for manual application.

- + Flexible and smooth
- + Tear resistant
- + Stable unwind force
- + Age-resistant
- + Strong adhesion
- + Hand-tearable

IB51026 3/8" X 82.5'

IB51036 3/4" X 82.5'

EXTERIOR HARNESSING TAPE

▶ 16/SLV

For wrapping exterior harnesses. This tape is a PET cloth wire harness tape with an acrylic based adhesive.

- + High temperature resistance 150°C/3000h
- + High abrasion resistance

MAXI-CURE1 1 OZ.
MAXI-CURE2 2 OZ.
INSTANT CURE GLUE

▶ **MAXI-CURE™**

MAXI-CURE™ bonds fiberglass, hardwood, metal and rubber better than any other hobby adhesive. For gluing to the inside, cloth textured surface of fiberglass, scrape the area to be bonded with a razor blade or coarse sandpaper before using MAXI-CURE™ or any other adhesive. It also is best for bonding the tires for R/C cars.

IC-2000
INSTANT CURE GLUE

▶ **1 OZ.**

IC-2000™ is a rubber-toughened cyanoacrylate that forms superior shock resistant bonds on non-porous surfaces. The black colored CA has added flexibility for the bonding of metals, fiberglass, rubber, carbon fiber and other materials.

INSTAC
INSTANT SET ACCELERATOR

▶ **2 OZ.**

Accelerator for quick curing of cyanoacrylates results in fast drying times and strong bonds between materials and surfaces of all kinds.

▶ **ZIP KICKER**

Accelerates Super Glue cure time. Best working accelerator for ZAP and all other super glues you'll find! Sets in just a few seconds.

INSTA-FLE
INSTANT CURE GLUE

▶ **1 OZ.**

INSTA-FLEXTM™ flexible thin CA is ideal for many applications, including the installation of CA hinges. When cured INSTA-FLEXTM™ does not turn brittle and remains clear, even if accelerated with INSTA-SET™. It has superior shock resistance. INSTA-FLEXTM™ has also proven to be superior when bonding using anodized aluminum.

IC-GEL
INSTANT CURE GLUE

▶ **0.7 OZ.**

IC-GEL™ is a cyanoacrylate paste that is extremely thick which comes in an applicator tube like toothpaste. It has the same bonding and curing time characteristics as MAXI-CURE™; IC-GEL™, however, can be applied to a vertical surface and will stay in place. IC-GEL™ is excellent putty for plastic models. It will fill any void and can be formed to many shapes. Applying Insta-Set allows IC-GEL™ to be sanded or filed to final shape in less than 20 seconds.

INSTAUN
UN-CURE™

▶ **1 OZ.**

Debonder will soften cured CA. If parts are bonded incorrectly or your fingers are stuck together, a few drops of UN-CURE™ will dissolve the CA in about a minute. Apply on bonded skin and roll apart fingers. Once unstuck, use acetone to clean off softened CA, then wash off with soap and water.

QUICK-CURE
QUICK-CURE

▶ **9 OZ.**

Epoxy cures to a slightly flexible consistency. This lack of brittleness allows it to form a lasting bond in areas subjected to high vibration or stress. QUIK-CURE™ shouldn't be used in areas that are subject to long-term immersion in water; however, it works fine for the internal structure of wood framed boats. QUIK-CURE™ is our only epoxy on which you can apply polyester resins. It can be mixed with microballoons to form a quick setting putty. Items bonded with QUIK-CURE™ can be handled after 15 minutes. Full strength is reached in 1 hour.

INSTA-FLEX+
INSTANT CURE GLUE

▶ **1 OZ.**

INSTA-FLEX+™ clear rubber toughened has similar Qualities to our black IC-2000™ but can be used in applications where you do not want the adhesive to be seen. The carbon components of IC-2000™ that gives the CA its black color also contributes to its unsurpassed strength. When esthetic's are important and a flexible bond is required, INSTA-FLEX+™ is your best choice. It forms superior bonds to soft urethane and vinyl plastics.

- INSTGL2 2 OZ. EACH**
- INSTGL4 4 OZ. EACH**
- INSTGL8 8 OZ. EACH**
- YORKER2 CA CAPS FOR ALL .5 OZ., 1 OZ. AND 2 OZ. 12 PACK**
- YORKER TOP FOR INSTGL8 EACH**

INSTANT CURE GLUE

▶ **HIGHER VISCOSITY**

A higher viscosity CA for loose fitting joints in which the adhesive must bridge gaps. Normally, the thicker CA is applied to one surface and then the parts are held tightly together for about 5 to 15 seconds.

3M04240

SEMI-RIGID PLASTIC REPAIR

▶ 6.25 OZ.

Urethane plastic repair material for repairing damaged bumpers and re-building tabs. Can also be used to bond many dissimilar materials such as plastic, fiberglass and metal. Used for backside reinforcement repair on a variety of plastic.

3M04247

SUPER FAST PLASTIC REPAIR

▶ 6.25 OZ.

A two-component adhesive that has a very fast gel and cure time. The two parts consist of a base side and an accelerator side. The two parts are always mixed together. Used for rebuilding tabs and fixing broken eyelets. Has excellent wide gap filling capabilities. Will not run or sag.

MetraPowerSports.com

TERMS:

Net 30 days from date of invoice on approved accounts. Minimum order: \$50 per invoice, orders less than required minimum incur a \$20 service charge.

FREIGHT:

Freight on board (F.O.B.) from point of shipment. Freight will be charged on all drop-shipment orders.

CREDIT:

In order to establish a credit line with Metra, an application for credit must be submitted listing a minimum of five (5) trade references and a bank with their addresses and phone numbers and must be signed by a principal or authorized officer of the company. A credit line will be established by our credit manager and must be maintained in a current status according to our terms (net 30 days). Credit not established or revoked requires remittance with order. Returned checks are subject to a fee of \$32.00.

RESALE TAX EXEMPTION CERTIFICATE:

CA, TX, KY, NJ & FL customers must provide a valid resale card before an order can be placed.

CLAIMS:

Title and risk of loss passes to buyer at F.O.B. shipping point and all claims must be filed with carrier. Any discrepancies must be reported to Metra within ten (10) days of receipt of shipment.

RETURNS:

All sales are final. No returns or exchanges will be allowed without prior written authorization from Metra. All returns are subject to a 20% handling charge, must be in a saleable condition, and must have been purchased within sixty (60) days of return request. No stock balancing permitted. Copies of invoices must be mailed in advance for any return authorization (R.A.).

LIMITED WARRANTY:

Metra warrants all of its products, within this catalog, to be free from defects in material and workmanship for a period of 1-3 years from date of purchase.

Please visit www.MetraOnline.com for individual product warranty information. Metra will, at its option, repair, replace or allow credit on any part which, in Metra's opinion, is found defective under normal use. Warranty void on items misused, altered in any way, tampered with or serviced by anyone other than Metra. This warranty of merchantability of fitness neither assumes or authorizes any other person to assume for it, any other liability in connection with its products. In no event shall we be liable for any incidental or *consequential damages, or do we assume any other liability except provided herein.

BACK ORDERS:

If an item is temporarily unavailable for immediate shipment, we will back-order the item and ship as soon as possible from the nearest available warehouse, unless otherwise instructed.

Metra reserves the right to make changes in or deletions of products or prices without prior notice.

*Metra will not assume any responsibility for damages to person or property due to incorrect interpretation of the material in this publication. Metra is not responsible for typographical or printing errors. Reproductions of editorial or pictorial content is strictly prohibited without prior consent from Metra.

WARNING: This catalog does not advise whether a State of California Proposition 65 warning is required for a particular item of merchandise. To learn whether a particular item of merchandise requires a California Proposition 65 warning, please be sure to look up and read the particular merchandise's listing on Metra's website www.MetraOnline.com, as well as read the particular merchandise's packaging. When a California Proposition 65 warning is present on Metra's website listing for the particular merchandise, or on the particular merchandise's packaging, a compliant California Proposition 65 warning is to be provided to the purchasing California consumer prior to the sale of the particular merchandise.
